#### 1. Summary of Significant Accounting Practices

#### A. Accounting Practices

The accompanying financial statements of Pawtucket Insurance Company (the "Company" or "PIC") are presented on the basis of accounting practices prescribed or permitted by the Rhode Island Insurance Department.

The Rhode Island Insurance Department recognizes only statutory accounting practices prescribed or permitted by the State of Rhode Island for determining and reporting the financial condition and results of operations of an insurance company, and for determining its solvency under the Rhode Island Insurance Law. The National Association of Insurance Commissioners' ("NAIC") *Accounting Practices and Procedures Manual* ("NAIC SAP") has been adopted as a component of prescribed or permitted practices by the State of Rhode Island.

A reconciliation of the Company's surplus between the practice permitted by the Rhode Island Department and the NAIC SAP is shown below:

# B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with Statutory Accounting Principles ("SAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

## C. Accounting Policy

Premiums are earned over the terms of the related insurance policies and reinsurance contracts. Unearned premium reserves are established to cover the unexpired portion of premiums written. Such reserves are computed by pro rata methods for direct business and are based on reports from ceding companies for reinsurance assumed and contract terms for reinsurance ceded. However, there were no written or earned premiums in 2016 or 2015.

Expenses incurred in connection with acquiring new insurance business, including such acquisitions costs as sales commissions, are charged to operations as incurred. Expenses incurred are reduced for ceding allowances received or receivable. No new insurance business was acquired in 2016 or 2015.

In addition, the company uses the following accounting policies:

- (1) Short-term investments are stated at amortized cost.
- (2) Bonds not backed by other loans are stated at amortized cost using the scientific interest method.
- (3) Unaffiliated common stocks are stated at market value.
- (4) Preferred Stocks, depending on type, are stated at cost or market.
- $\begin{array}{c} \text{(5)} & \text{Mortgage loans on real estate} \\ & \text{N/A} \end{array}$
- (6) Loan-backed securities are stated at amortized cost. The retrospective amortization adjustment method is used to value all loan-backed securities.
- (7) Investments in uncombined subsidiaries, controlled and affiliated companies N/A

- (8) Investments in joint ventures, partnerships and limited liability companies
- Derivatives (9) N/A
- (10)N/A
- (11)Unpaid losses and loss adjustment expenses include an amount determined from individual case estimates and loss reports and an amount, based on past experience, for losses incurred but not reported. Such liabilities are necessarily based on assumptions and estimates and, while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates, and for establishing the resulting liability, are continually reviewed and any adjustments are reflected in the period determined.
- (12)The Company has not modified its capitalization policy from the prior period.

#### 10. Information Concerning Parent, Subsidiaries, Affiliates and Other Related Parties

A.- C. The parent company of PIC, Narragansett Bay Insurance Company ("NBIC") has been capitalized through a \$200 million funding agreement between NBIC Holdings, Inc., (formerly Blackstone Financial Group Holdings, Inc.) and an outside investment group.

Prior to December 7, 2005, the Company was a 100% owned subsidiary of NBIC (NAIC #43001). On December 7, 2005, the Company was purchased by NBIC Holdings, Inc. and the ownership of the NBIC was distributed to NBIC Financial Holdings, Inc., resulting in the NBIC becoming a sister corporation of the Company.

As of March 31, 2006, NBIC Financial Holdings, Inc. contributed all of the Company's issued and outstanding capital stock to NBIC, which, as noted above, is a 100% owned subsidiary of NBIC Financial Holdings, Inc. The statutory surplus of the Company at March 31, 2006 was \$3,007,995.

On December 7, 2005, upon the purchase by NBIC Holdings, Inc., the Company was removed from rehabilitation status. In conjunction with this purchase, all assets and liabilities of NBIC, other than its insurance licenses, were transferred, by order of the Rhode Island Superior Court, to PIC, leaving the NBIC free of both assets and liabilities, but retaining its insurance licenses.

On December 28, 2011, the Company issued a surplus note to its affiliate NBIC Service Company, Inc. ("Service") in the amount of \$650,000. Interest on the surplus note shall be paid at the rate equal to LIBOR. The principal amount of the surplus note shall be payable upon the earlier of 1) the Company being reimbursed for net operating losses utilized in the NBIC Holdings, Inc. consolidated tax return, or 2) December 31, 2017. On December 28, 2016, the Company attached an allonge to the surplus note extending the payable date (item 2) from December 31, 2016 to December 31, 2017.

On December 28, 2012, the Company issued a surplus note to Service in the amount of \$500,000. Interest on the surplus note shall be paid at the rate equal to LIBOR. The principal amount of the surplus note shall be payable upon the earlier of 1) the Company being reimbursed for net operating losses utilized in the NBIC Holdings, Inc. consolidated tax return, or 2) December 31, 2017.

On November 12, 2015, the Company received a capital contribution from NBIC in the form of cash in the amount of \$1,500,000. The proceeds of this capital contribution are intended to be used to fund the Company's pension plan.

- D. As of December 31, 2016, the Company was due \$181,983 from its affiliates. The Company was due \$181,786 from Service related to home office rent and utilization of the Company's net operating loss carryforwards. The remaining \$197 was due from NBIC.
- E. Guarantees or Contingencies for Related Parties N/A
- F. Management, Service Contracts, Cost Sharing Arrangements

The Company has an Administrative Services arrangement with Service and NBIC. The Company reimburses these affiliated entities for costs directly related to the business of the Company. The allocation policies were designed to be fair and equitable to all parties.

- G. See Note 10 A., B., & C. and 10 I.
- H. Value of an Upstream Intermediate Entity N/A
- I. Investment in an SCA that exceeds 10% of admitted assets

In accordance with NAIC SAP, NBIC has reported the investment in its 100% owned insurance subsidiary, PIC (See 10A & 10B), at the statutory surplus value of that subsidiary. However, effective September 30, 2006, PIC, with the explicit permission of the Rhode Island Insurance Department, records its buildings and land at fair market value instead of at depreciated cost required by NAIC SAP. This permitted practice, however, does not extend to the value of PIC as recorded by NBIC. NBIC, therefore, continues to record its investment in PIC as an amount equal to PIC's surplus on an NAIC SAP hasis

The Company has a qualified defined benefit retirement plan covering substantially all of its former employees. The benefits are based on years of service, age at retirement and employee's compensation during the last five years of employment. The Company also has a non-qualified executive retirement plan covering certain former senior officers. The plan provides minimum retirement benefits based on years of service, age at retirement and compensation during the last two years of employment.

Effective July 27, 2003, benefits accumulated under the qualified plan were frozen and no further benefits are accumulating for employees.

Effective September 22, 2005, the benefits due to certain participants in the executive retirement plan were re-defined by the Rhode Island Superior Court. Of the remaining participants, benefits for both have been accrued on either a lump sum basis or agreed upon basis.

Additionally, during 2003, a plan providing certain healthcare benefits to retirees was terminated for both current and future retirees.

The expected long-term rate of return on assets is developed based on a model which utilizes modern portfolio theory to produce a statistical range of expected returns. The model is based on the historical behavior of the broad financial markets, reflects the plan's asset allocation and utilizes the plan's actuarial assumption regarding future rates of inflation.

The Plan's assets are overseen by the Plan's fiduciaries, with an overall investment strategy of asset preservation in order to meet future benefit obligations. The Plan invests in a diversified mix of traditional asset classes. Investments in U.S. and foreign equity securities, fixed income securities, real estate and cash are made to maximize long-term returns while recognizing the need for adequate liquidity to meet on-going benefit and administrative obligations. A professional investment firm is engaged and operates under the investment guidelines.
