1. Summary of Significant Accounting Practices

A. Accounting Practices

The accompanying financial statements of Pawtucket Insurance Company (the "Company" or "PIC") are presented on the basis of accounting practices prescribed or permitted by the Rhode Island Insurance Department.

The Rhode Island Insurance Department recognizes only statutory accounting practices prescribed or permitted by the State of Rhode Island for determining and reporting the financial condition and results of operations of an insurance company, and for determining its solvency under the Rhode Island Insurance Law. The National Association of Insurance Commissioners' ("NAIC") Accounting Practices and Procedures Manual ("NAIC SAP") has been adopted as a component of prescribed or permitted practices by the State of Rhode Island.

A reconciliation of the Company's surplus between the practice permitted by the Rhode Island Department and the NAIC SAP is shown below:

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with Statutory Accounting Principles ("SAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policy

Premiums are earned over the terms of the related insurance policies and reinsurance contracts Unearned premium reserves are established to cover the unexpired portion of premiums written. Such reserves are computed by pro rata methods for direct business and are based on reports from ceding companies for reinsurance assumed and contract terms for reinsurance ceded. However, there were no written nor earned premiums in 2019 or 2018.

Expenses incurred in connection with acquiring new insurance business, including such acquisitions costs as sales commissions, are charged to operations as incurred. Expenses incurred are reduced for ceding allowances received or receivable. No new insurance business was acquired in 2019 or 2018.

In addition, the company uses the following accounting policies:

- (1) Short-term investments are stated at amortized cost.
- (2) Bonds not backed by other loans are stated at amortized cost using the scientific interest method.
- (3) Unaffiliated common stocks are stated at market value.
- (4) Preferred Stocks, depending on type, are stated at cost or market.
- $\begin{array}{c} \text{(5)} & \text{Mortgage loans on real estate.} \\ & \text{N/A} \end{array}$
- (6) Loan-backed securities are stated at amortized cost. The retrospective amortization adjustment method is used to value all loan-backed securities.
- Investments in uncombined subsidiaries, controlled and affiliated companies.

- (8) Investments in joint ventures, partnerships and limited liability companies. $N\!/A$
- (9) Derivatives.

(10) N/A

- (11) Unpaid losses and loss adjustment expenses include an amount determined from individual case estimates and loss reports and an amount, based on past experience, for losses incurred but not reported Such liabilities are necessarily based on assumptions and estimates and, while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates, and for establishing the resulting liability, are continually reviewed and any adjustments are reflected in the period determined.
- (12) The Company has not modified its capitalization policy from the prior period.

- E. Operating Loss and Tax Credit Carryforwards and Protective Tax Deposits
 - (1) At December 31, 2019, the Company did not have any unused operating loss carryforwards available to offset against future taxable income. The company has \$304,478 of capital loss carryforwards which originated in 2014 which expired in 2018.
 - (2) The Company had no income tax expense for the years ended December 31, 2019 and 2018 that will be available for recoupment in the event of future net losses.
 - (3) The Company did not have any protective tax deposits under Section 6603 of the Internal Revenue Code.
- F. Consolidated Federal Income Tax Return
 - (1) The Company's 2019 federal income tax return will be consolidated with the following entities:

Heritage Property & Casualty Insurance Company Heritage Insurance Holdings, Inc. Osprey Re Ltd Zephyr Insurance Company Zephyr Acquisition Company HI Holdings, Inc. NBIC Holdings, Inc. Narragansett Bay Insurance Company NBIC Service Company, Inc. NBIC Financial Holdings, Inc.

- (2) Allocation is based upon separate return calculations.
- G. Federal or foreign income tax loss contingencies N/A
- 10. Information Concerning Parent, Subsidiaries, Affiliates and Other Related Parties
 - A. C. The parent company of PIC, Narragansett Bay Insurance Company ("NBIC") has been capitalized through a \$200 million funding agreement between NBIC Holdings, Inc., (formerly Blackstone Financial Group Holdings, Inc.) and an outside investment group.

Prior to December 7, 2005, the Company was a 100% owned subsidiary of NBIC (NAIC #43001). On December 7, 2005, the Company was purchased by NBIC Holdings, Inc and the ownership of the NBIC was distributed to NBIC Financial Holdings, Inc., resulting in the NBIC becoming a sister corporation of the Company.

As of March 31, 2006, NBIC Financial Holdings, Inc contributed all of the Company's issued and outstanding capital stock to NBIC, which, as noted above, is a 100% owned subsidiary of NBIC Financial Holdings, Inc. The statutory surplus of the Company at March 31, 2006 was \$3,007,995.

On December 7, 2005, upon the purchase by NBIC Holdings, Inc., the Company was removed from rehabilitation status. In conjunction with this purchase, all assets and liabilities of NBIC, other than its insurance licenses, were transferred, by order of the Rhode Island Superior Court, to PIC, leaving the NBIC free of both assets and liabilities, but retaining its insurance licenses.

On December 28, 2011 and December 28, 2012, the Company issued surplus notes to its affiliate NBIC Service Company, Inc("Service") in the amount of \$650,000 and \$500,000, respectively. As described in note 13 (11) the company paid its surplus notes totaling \$1,150,000 on December 29, 2017.

On November 12, 2016, the Company received a capital contribution from NBIC in the form of cash in the amount of \$1,500,000. The proceeds of this capital contribution are intended to be used to fund the Company's pension plan.

On November 30, 2018 PIC, its parent company and all affiliates were purchased by Heritage Insurance Holdings, Inc.

On December 29, 2018, Pawtucket Insurance Company transferred its buildings to its affiliate, NBIC Service Company for the statutory book adjusted carrying value of \$1.7 million. The associated practice permitted by the State of Rhode Island Insurance Department is no longer in place.

- D. As of December 31, 2019, the Company had zero due from affiliates.
- E. Guarantees or Contingencies for Related Parties N/A
- F. Management, Service Contracts, Cost Sharing Arrangements

The Company has an Administrative Services arrangement with Service and NBIC. The Company reimburses these affiliated entities for costs directly related to the business of the Company. The allocation policies were designed to be fair and equitable to all parties.

- G. See Note 10 A., B., & C and 10 I
- H. Value of an Upstream Intermediate Entity N/A
- I. Investment in an SCA that exceeds 10% of admitted assets

In accordance with NAIC SAP, NBIC has reported the investment in its 100% owned insurance subsidiary, PIC (See 10A & 10B), at the statutory surplus value of that subsidiary. However, effective September 30, 2006, PIC, with the explicit permission of the Rhode Island Insurance Department, records its buildings and land at fair market value instead of at depreciated cost required by NAIC SAP. This permitted practice, however, does not extend to the value of PIC as recorded by NBIC, therefore, continues to record its investment in PIC as an amount equal to PIC's surplus on an NAIC SAP basis.

12. Retirement Plans, Deferred Compensation, Postemployment Benefits and Compensated Absences and Other Post Retirement Benefit Plans

A. Defined Benefit Plans

The Company has a qualified defined benefit retirement plan covering substantially all of its former employees. The benefits are based on years of service, age at retirement and employee's compensation during the last five years of employment. The Company also has a non-qualified executive retirement plan covering certain former senior officers. The plan provides minimum retirement benefits based on years of service, age at retirement and compensation during the last two years of employment.

Effective July 27, 2003, benefits accumulated under the qualified plan were frozen and no further benefits are accumulating for employees.

Effective September 22, 2005, the benefits due to certain participants in the executive retirement plan were re-defined by the Rhode Island Superior Court Of the remaining participants, benefits for both have been accrued on either a lump sum basis or agreed upon basis. Additionally, during 2003, a plan providing certain healthcare benefits to retirees was terminated for both current and future retirees.

As of March 31, 2018, the Company funded and terminated the Plan, providing to its beneficiaries lump-sum distributions or annuitizing participant benefits, and thus fulfilling the Company's pension obligation.

A summary of assets, obligations and assumptions of the Qualified Pension Plan are as follows at December 31, 2019 and 2018.

(12) The Company's defined benefit plan was terminated March 31, 2018. Prior to termination, the projected benefit obligation was the actuarial present value of all benefits attributed to employee service as of the date of calculation. The expected long-term rate of return on assets was developed based on a model which utilizes modern portfolio theory to produce a statistical range of expected returns. The model was based on the historical behavior of the broad financial markets, reflects the plan's asset allocation and utilizes the plan's actuarial assumption regarding future rates of inflation.

There are neither assets nor estimated future payments due the plan termination as of March 31, 2018.
