

**STATE OF RHODE ISLAND  
RHODE ISLAND DEPARTMENT OF HEALTH**

**ELIZABETH M. TANNER, ESQ.  
IN HER CAPACITY AS CHAIR OF THE  
RHODE ISLAND COVID-19 ENFORCEMENT  
TASK FORCE**

**IN THE MATTER OF:  
Crown Fried Chicken - Middletown  
Violations of Executive Orders and  
RI Department of Health Regulations**

**NOTICE OF VIOLATION AND COMPLIANCE ORDER**

Now comes the Chair (the “Chair”) of the Rhode Island COVID-19 Enforcement Task Force (“Task Force”) and pursuant to R.I. Gen. Laws § 23-1-20, Executive Order 20-32, Executive Order 20-40, Executive Order 20-58, and Rhode Island Department of Health (“RIDOH”) regulation 216-RICR-50-15-7 (the “Safe Regulations”), determines that there are reasonable grounds to believe that Crown Fried Chicken (“Respondent”) is in violation of Executive Orders and/or the Safe Regulations, and provides notice thereof.

**REASONABLE GROUNDS FOR DETERMINATION OF VIOLATION**

- I. Respondent is a dining establishment located at 390 West Main Road in Middletown.
- II. Respondent is a covered entity as defined in the Safe Regulations. As such, the Respondent is required to comply with applicable Executive Orders and the Safe Regulations.
- III. On or about August 18, a Task Force inspector met with manager Masood Zia (“Manager”) and conducted a Healthy Environment inspection of the Respondent. The inspector performed a

checklist inspection based on the Safe Regulations and determined that Respondent scored a 5/11 for overall requirements and a 3/5 for dining requirements. The Manager was unaware of many of the required items. In response, the inspector provided information and resources to the Respondent to help it achieve full compliance. This included a recommendation to the Respondent on how to access [www.ReopeningRI.com](http://www.ReopeningRI.com) and the relevant websites for the Executive Orders, rules, regulations, and guidance. The Respondent was also advised that an inspector would conduct a reinspection in the near future.

- IV. On or about August 21, 2020, a different Task Force inspector conducted a reinspection of the Respondent. The inspector met with the owner's daughter (individual would not provide her name) and again performed a checklist inspection based on the Safe Regulations. The inspector determined that the Respondent scored a 6/11 for overall requirements and a 3/5 for dining requirements. The owner's daughter stated that the previous inspector had provided her with some posters, but she had not had time to put them up. The inspector also noted that it did not appear that any effort had been made to achieve further compliance since the prior inspection.
- V. Therefore, as a result of the Respondent's continued failure to comply with applicable Executive Orders and the Safe Regulations, and in the absence of any other information to rebut the allegations above, RIDOH has drawn the conclusion that the above allegations are true, and the Respondent is not in compliance with applicable Executive Orders and/or the Safe Regulations.

#### **ALLEGED VIOLATIONS**

The following alleged violations stem from the August 21, 2020 reinspection.

- I. Respondent is in violation of Section 7.4.1(A)(1)(f) of the Safe Regulations, which requires the designation of a point of contact who is familiar with the applicable Executive Orders and the Safe Regulations, and who will work with RIDOH on testing, contact tracing, case investigation,

isolation and quarantine follow up. Upon request, Respondent did not identify a point of contact who is familiar with the guidance and regulations.

- II. Respondent is in violation of Section 7.4.1(A)(1) of the Safe Regulations, which requires each covered entity to develop, maintain, and ensure compliance with a written plan for the safe operation of the establishment. Upon request, Respondent admitted that they did not have a written plan.
- III. Respondent is in violation of Section 7.4.1(A)(8) of the Safe Regulations, which requires all covered entities to maintain an employee work log that identifies the full name, phone number, and the date and time of all shifts worked by each employee. This work log must be maintained for at least thirty (30) days. Upon request, Respondent admitted that it did not maintain an employee work log.
- IV. Respondent is in violation of Section 7.4.1(A)(6) & (7) of the Safe Regulations, which requires each covered entity to ensure the performance of environmental cleaning of their establishments once per day and to maintain records documenting such environmental cleaning. Upon request, the Respondent admitted that it had no required records.
- V. Respondent is in violation of Section 7.4.1(A)(2) of the Safe Regulations, which requires each covered entity to implement and ensure compliance with screening of all individuals entering its establishment(s) at any time for any reason. Upon inquiry, the Respondent admitted that it did not conduct entry screening. In addition, there were no posters visible at or near the entrance concerning entry screening.
- VI. Respondent is in violation of Section 7.4.1(A)(4) of the Safe Regulations, which requires each covered entity to ensure the placement of posters or signs at entry to its establishments educating any individual at the establishment concerning entry screening, required physical distancing, use of cloth face coverings, and other subjects as provided in guidance issued by RIDOH. The owner's

daughter acknowledged that posters had been provided to the Respondent on the previous inspection, but admitted that they had not been placed, stating that she had not had time to put them up. The inspector observed that required posters were absent from the entry to the establishment and concluded, therefore, that the Respondent failed to ensure the placement of required posters.

- VII. Respondent is in violation of Section 7.4.2(A)(2) of the Safe Regulations, which prohibits self-service seating. The inspector observed that patrons were allowed to seat themselves without assistance by the Respondent.
- VIII. Respondent is in violation of Section 7.4.2(A)(1)(a) of the Safe Regulations, which requires that information be collected from all visitors and other entrants who have interacted with others present on site for a period of 15-minutes or more solely for the purposes of contact tracing. Upon request, the Respondent admitted that they did not collect the required information for patrons who were on site of a period of 15 minutes or more.

#### **ORDER**

It is hereby ORDERED, that on or before the tenth (10<sup>th</sup>) day from service of this Notice of Violation and Compliance Order, Respondent shall remedy the above cited violations and come into full compliance with applicable Executive Orders and Regulations, by fulfilling the conditions as set forth below:

- I. Respondent shall designate a point of contact who is familiar with applicable Executive Orders and the Safe Regulations, and who will work with RIDOH on testing, contact tracing, case investigation, isolation and quarantine follow up.
- II. Respondent shall develop, maintain, and ensure compliance with a written plan for the safe operation of the establishment.

- III. Respondent shall maintain an employee work log that identifies the full name, phone number, and the date and time of all shifts worked by each employee. This work log must be maintained for at least thirty (30) days.
- IV. Respondent shall ensure the performance of environmental cleaning of its establishment once per day and maintain records documenting such environmental cleaning.
- V. Respondent shall implement and ensure compliance with screening of all individuals entering its establishment(s) at any time for any reason.
- VI. Respondent shall ensure the placement of posters or signs at entry to its establishment educating any individual at the establishment concerning entry screening, required physical distancing, use of cloth face coverings, and other subjects as provided in guidance issued by RIDOH.
- VII. Respondent shall ensure that patrons are seated by Respondent, and not allowed to seat themselves.
- VIII. Respondent shall ensure that information be collected from all visitors and other entrants who have interacted with others present on site for a period of 15-minutes or more solely for the purposes of contact tracing.

**Failure to comply with this ORDER may result in the imposition of civil fines, the issuance of an immediate compliance order, and/or any other action authorized by regulation, the Act, or other applicable law.**
