

**STATE OF RHODE ISLAND
RHODE ISLAND DEPARTMENT OF HEALTH**

**IN THE MATTER OF:
Ichigo Ichie Restaurant
Violations of Executive Orders and
RI Department of Health Regulations**

**IMMEDIATE COMPLIANCE ORDER AND
NOTICE OF VIOLATION AND COMPLIANCE ORDER**

Now comes the Director of the Rhode Island Department of Health (“RIDOH”), as informed by the Chair (“Chair”) of the Rhode Island COVID-19 Enforcement Task Force (“Task Force”), and pursuant to R.I. Gen. Laws §§ 23-1-20 and 23-1-21, Executive Orders 20-32 and 20-67 (“Executive Orders”), and the RIDOH rules and regulations pertaining to Safe Activities By Covered Entities During the COVID-19 Emergency (216-RICR-50-15-7) (“Safe Regulations”), determines that there are reasonable grounds to believe that Ichigo Ichie Restaurant (“Respondent”) is in violation of applicable Executive Orders and/or the Safe Regulations, and that, with respect to bar requirements, Respondent is in violation of applicable Executive Orders and/or the Safe Regulations, which violation requires immediate action to protect the health, welfare, and safety of the public.

NEED FOR IMMEDIATE ACTION

On March 9, 2020, Governor Gina M. Raimondo declared a state of emergency for the State of Rhode Island due to the dangers to health and life posed by COVID-19. The Safe Regulations were promulgated as an emergency rule, pursuant to R.I. Gen. Laws § 42-35-2.10, based on a finding that an imminent peril to the public health, safety, or welfare required immediate promulgation of the rule,

specifically that “[i]n order to prevent further spread of COVID-19 as individuals begin to leave their homes more frequently and establishments begin to reopen, protective measures must be followed and implemented for individuals and establishments to resume operations so that the public’s health and welfare is protected.”

GROUND S FOR DETERMINATION OF VIOLATIONS

- I. Respondent is a dining establishment, which maintains a bar area, located at 5 Catamore Boulevard in East Providence.
- II. Respondent is a covered entity, as defined in the Safe Regulations. As such, Respondent is required to comply with applicable Executive Orders and the Safe Regulations.
- III. On or about September 12, 2020, a Task Force inspector met with manager Paul Yu and conducted a Healthy Environment inspection of the Respondent. The inspector performed a checklist inspection based on the Safe Regulations and determined that Respondent scored a 7/11 for overall requirements, a 5/5 for dining requirements, and a 3/6 for bar requirements.
- IV. Of note is the fact that the Respondent failed to ensure that if parties were seated at the bar, no staff were permitted to work in any areas behind the bar unless a physical, non-porous barrier of appropriate height is installed between the bar work areas and customers; that even with physical barriers between the bar work areas and customers, staff may only serve seated customers drinks and food through a gap or opening in the barrier that is no more than eight (8) inches in size; and/or that working bar areas, such as drink making stations or glassware storage, must be located at least six feet from the gaps.
- V. Based on the foregoing, and in the absence of any other information to rebut the allegations, the Director of RIDOH has determined that Respondent is in present violation of multiple provisions of applicable Executive Orders and/or the Safe Regulations and that, with respect to the bar

requirements, immediate action is necessary to protect the health, welfare, or safety of the public.

VIOLATIONS

The following violations stem from the September 12, 2020 inspection.

- I. Respondent is in violation of Section 7.4.1(A)(1) of the Safe Regulations, which requires each covered entity to develop, maintain, and ensure compliance with a written plan for the safe operation of the establishment. Upon request, Respondent could not produce a written plan.
- II. Respondent is in violation of Sections 7.4.1(A)(6) & (7) of the Safe Regulations, which require each covered entity to ensure the performance of environmental cleaning of its establishments once per day and to maintain records documenting such environmental cleaning. Upon request, the Respondent could not produce the required records.
- III. Respondent is in violation of Section 7.4.1(A)(2) of the Safe Regulations, which requires each covered entity to implement and ensure compliance with screening of all individuals entering its establishment(s) at any time for any reason. Upon inquiry, the Respondent admitted that it did not conduct entry screening. In addition, there were no posters visible at or near the entrance concerning entry screening.
- IV. Respondent is in violation of Section 7.4.1(A)(4) of the Safe Regulations, which requires each covered entity to ensure the placement of posters or signs at entry to its establishments educating any individual at the establishment concerning entry screening, required physical distancing, use of cloth face coverings, and other subjects as provided in guidance issued by RIDOH. The inspector observed that although certain required information was correctly posted, there was no information concerning entry screening posted, and concluded, therefore, that the Respondent failed to ensure the placement of required posters.
- V. Respondent is in violation of Section 7.4.2(A)(6) of the Safe Regulations, which requires that:

- a. when parties are seated at the bar, no staff are permitted to work in any areas behind the bar and all work areas behind the bar unless a physical, non-porous barrier of appropriate height and made of a material which complies with the interior finish requirements of the State Fire Code, is installed between the bar work areas and customers; and
- b. even with physical barriers between bar work areas and customers, staff may only serve seated customers drinks and food through a gap or opening in the barrier that is no more than eight (8) inches in size; and,
- c. working bar areas (e.g. drink making stations or glassware storage) must be located at least six (6) feet from these gaps. Drinks and/or food may not be passed to customers under, over, or around such barrier by staff behind the bar.

The inspector observed that although there were physical barriers in place to separate patrons who were sitting at the bar, there was no physical, non-porous barrier of appropriate height installed between the bar work area and customers. (See "Exhibit A")

ORDER

IMMEDIATE COMPLIANCE

It is hereby **ORDERED**, that Respondent is to immediately close its bar/bar area until such time as violations are remedied to the satisfaction of the Director of RIDOH by fulfilling the conditions as set forth below:

- I. Respondent shall ensure that:
 - a. when parties are seated at the bar, no staff are permitted to work in any areas behind the bar and all work areas behind the bar unless a physical, non-porous barrier (i.e., plexiglass) of appropriate height and made of a material which complies with the interior finish

- requirements of the State Fire Code is installed between the bar work areas and customers;
and,
- b. even with physical barriers between bar work areas and customers, staff may only serve seated customers drinks and food through a gap or opening in the barrier that is no more than eight (8) inches in size; and,
 - c. working bar areas (e.g. drink making stations or glassware storage) are located at least six (6) feet from these gaps and that drinks and/or food is not passed to customers under, over, or around such barrier by staff behind the bar.

NOTICE OF COMPLIANCE

It is further **ORDERED**, that on or before the tenth (10th) day from service of this Notice of Violation and Compliance Order, Respondent shall remedy the above-cited violations and come into full compliance with applicable Executive Orders and Regulations by fulfilling the conditions as set forth below:

- I. Respondent shall develop, maintain, and ensure compliance with a written plan for the safe operation of the establishment.
- II. Respondent shall ensure the performance of environmental cleaning of its establishment once per day and maintain records documenting such environmental cleaning.
- III. Respondent shall implement and ensure compliance with screening of all individuals entering its establishment(s) at any time for any reason.
- IV. Respondent shall ensure the placement of posters or signs at entry to its establishment educating any individual at the establishment concerning entry screening, required physical distancing, use of cloth face coverings, and other subjects as provided in guidance issued by RIDOH.

With respect to the Notice of Compliance, a written request for a hearing may be filed within ten (10) days of this notice.

Failure to comply with this ORDER may result in the imposition of civil penalties and/or any other action authorized by applicable law or regulation.

Entered this 15th day of September 2020.

A handwritten signature in black ink, appearing to read "Nicole Alexander-Scott". The signature is fluid and cursive, with the first name "Nicole" written in a larger, more prominent script than the last name "Alexander-Scott".
