Subject: Ham et al.

Dear Attorneys:

As the parties are aware, it was agreed at hearing today the following:

1. Respondents will take on no new business relating to contracting including but not limited to remediation, mitigation, etc. or from other contractors.
2. Remediation/mitigation is considered to fall under the contractor statute.
3. The Respondents shall provide the Department by Monday, March 7, 2022 at 9:00 a.m., the list of their 50 current homeowner clients. This list will be divided by the percentage of completed work.
4. The Respondents shall provide to the Department by March 7, 2022 a list of those clients where the Respondents retain more money than what represents the work done.

The parties will try to resolve this matter. A hearing is schedule for March 11, 2022 at 11:00 a.m. If there is no resolution, a hearing will be heard on the Department's motion and supplemental motion for emergency suspension.

So Ordered,
Catherine R. Warren
