The 2023 Coordinated Exam was performed as part of a global examination plan developed and managed by the State of Connecticut to facilitate the examination of all UHG affiliates. Although all companies within the UHG holding company are examined under the singular global coordination plan, not all legal entities will be examined in the same year.

The Handbook requires that we plan and perform the examination to evaluate the financial condition, assess corporate governance, identify current and prospective risks of the Company, and evaluate system controls and procedures used to mitigate those risks. An examination also includes identifying and evaluating significant risks that could cause an insurer's surplus to be materially misstated both currently and prospectively.

All accounts and activities of the Company were considered in accordance with the risk-focused examination process. This may include assessing significant estimates made by management and evaluating management's compliance with Statutory Accounting Principles. The examination does not attest to the fair presentation of the financial statements included herein. If, during the course of the examination, an adjustment was identified, the impact of such adjustment will be documented separately following the Company's financial statements.

This examination report includes significant findings of fact and general information about the Company and its financial condition. There may be other items identified during the examination that, due to their nature (e.g., subjective conclusions, proprietary information, etc.), are not included within the examination report but were separately communicated to other regulators and/or the Company.

SUMMARY OF SIGNIFICANT FINDINGS

There were no material adverse or significant non-compliance findings noted during the examination conducted as of December 31, 2023.

COMPANY HISTORY

The Company commenced business under the name Ocean State Master Health Plan, Inc. and was incorporated as a non-business corporation on December 14, 1979. Subsequently, the Company was licensed to transact business by the State of Rhode Island Department of Health. In 1983 the General Assembly of the State of Rhode Island enacted the "Health Maintenance Organization Act of 1983" and the Company, in accordance with the act, applied for licensing with the Rhode Island Department of Business Regulation, Insurance Division.

On November 14, 1984, the Company amended its Articles of Incorporation and changed its name to Ocean State Health Fund, Inc. On the same date, a new corporation, Ocean State Master Health Plan, Inc., was incorporated as a business corporation under the provisions of the Health Maintenance Organization Act of 1983 of the State of Rhode Island. The incorporator was Thomas A. Lynch; however, title and interest in and to said Company and its franchises passed to the Board of Directors.

On December 27, 1984, Ocean State Health Fund, Inc. transferred its assets and liabilities to Ocean State Master Health Plan, Inc. Simultaneous to this transaction, Ocean State Coordinated Health Services Corporation ("OSCHS"), an Individual Practice Association ("IPA"), through its Board of Directors, resolved to purchase the assets and liabilities of the Company in consideration for the assumption of its liabilities in return for ten (10) shares of no-par value common stock in the Company.

Prior to September 1, 1991, approximately twenty-one percent (21%) of the outstanding common stock of OSCHS was owned by UHC Management Company, Inc., now known as United HealthCare Services, Inc. ("UHS"), a Minnesota-based Management Corporation which provides services to the Company under the terms of a management agreement. UHS is a wholly owned subsidiary of UnitedHealth Group Incorporated ("UHG"). On September 1, 1991, UHS purchased the remaining seventy-nine percent (79%) of the outstanding common stock of OSCHS.

On April 22, 1993, the Company's Articles of Incorporation were amended to change the name of the Company to United Health Plans of New England, Inc.

On March 31, 1995, the Company's former parent, OSCHS, was merged with and into the Company. The Company was the surviving entity directly owned by UHS.

On June 30, 1996, UHS purchased MetraHealth Care Plan of Massachusetts, Inc. ("Metra"), and on July 1, 1996, Metra was merged with and into the Company. The Company simultaneously changed its name to United HealthCare of New England, Inc. Effective January 25, 2002, the Company formally changed the appearance of its name to UnitedHealthcare of New England, Inc.

As of December 31, 2023, the Company continues as a for-profit corporation that is a privately held member of the UHG holding company system with one hundred percent (100%) of its shares owned by United HealthCare Services, Inc.
