#### (B) Use of Estimates in the Preparation of the Financial Statements

The preparation of the financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### (C) Accounting Policy

##### Investment Income and Declines in Fair Value

The Company periodically reviews its bonds and common stocks to determine whether a decline in fair value below the amortized cost basis is other than temporary. The process for identifying declines in the fair value of investments that are other than temporary involves consideration of several factors. These factors include (1) the period in which there has been a significant decline in value; (2) an analysis of the liquidity, business prospects, and overall financial condition of the issuer; (3) the significance of the decline; and (4) our intent and ability to hold the investment for a sufficient period for the value to recover. When our analysis of the above factors results in the

## NOTES TO FINANCIAL STATEMENTS

conclusion that declines in fair values are other than temporary, the cost of the securities is written down to fair value and is reflected as a realized loss.

### **Bonds**

Bond investments are stated at amortized cost and consist of government agency securities as well as "Investment Grade" corporate notes with fixed rates and maturities. Interest income is accrued as earned. The Company has both the intent and ability to hold these securities until maturity and, accordingly, has categorized these investments as "held-to-maturity" securities. As a result, unrealized gains and losses are excluded from net income.

### **Common Stocks - - Investments in Subsidiaries**

The accompanying financial statements of Delta Dental of Rhode Island include the common stock investments of its wholly owned subsidiary, The Altus Group, Inc. Another subsidiary, Altus Realty, Inc. is a non-profit real estate holding company and is reported on Schedule BA on the statutory balance sheet. The values of these investments are reported using the equity method.

The income and expenses of Altus Realty Company and The Altus Group, Inc. are combined such that the net change for the period is included in "Net unrealized capital gains and losses" on line 36 in the Statement of Revenues and Expenses.

The Company contracts with an independent investment advisor to separately manage the Company's equity investment portfolio. Common stocks of nonaffiliated companies were added to the Company's investment portfolio beginning in 2004. These common stocks, including investments in mutual funds, are valued at market as they are categorized as "available-for-sale" securities.

### **Claims and Claims Adjudication Expenses**

The estimated liability for claims incurred but unpaid is actuarially determined based on an analysis of historical claims experience, modified for changes in enrollment, inflation and benefit coverage. The estimated liability for accrued claims adjudication expense represents the anticipated cost of processing claims incurred but unpaid at the balance sheet date. The estimates for claims and claims adjudication expenses may be more or less than the amount ultimately paid. Such changes in estimates are reflected in current period operations.

Additionally, in accordance with NAIC guidelines, the following accounting policies are either utilized or are not applicable to the company.

1. Short term investments are stated at cost.
2. Bonds are stated at amortized value using the constant yield / scientific method.
3. Common stocks in our investment portfolio are stated at market value. In accordance with NAIC guidelines starting at December 31, 2017, money market mutual funds are now reported as Cash on Schedule E and the Balance Sheet per the NAIC guidance.
4. The company does own a preferred stock; stated at market value.
5. The company does not have mortgage loans directly; hence this accounting policy is not applicable. One of the company's subsidiaries, Altus Realty, owns the building and originally had mortgage debt associated with the company office facility. This debt was paid off in 2014.
6. Loan-backed securities are stated at amortized value using the constant yield / scientific method.
7. Investments in subsidiaries, controlled and affiliated entities are reported using the equity method.
8. Investments in joint ventures, partnerships and limited liability companies are valued based on quarterly and annual reports supplied by the joint ventures.
9. The company does not own derivatives; hence this accounting policy is not applicable.
10. The company does utilize anticipated investment income as a factor in the premium deficiency calculation.
11. The company methodologies for estimating the liabilities for losses and loss/claim adjustment expenses are actuarially derived as described above.

### (D) Going Concern

There are no conditions or events that raise substantial doubt about the Company's ability to continue as a going concern.

### NOTE 2 - - ACCOUNTING CHANGES AND CORRECTIONS OF ERRORS

The financial statements included in this filing do not contain any items that resulted from corrections of errors. Beginning with the December 31, 2001 annual filing the Company implemented the Codification of the NAIC Accounting Practices and Procedures Manual. This included the adoption of the Statement on Statutory Accounting Principles (SSAP) # 47 "Uninsured Plans".

SSAP 47 requires the exclusion of uninsured plan business for both premiums earned and claims incurred in the Statement of Revenues and Expenses. The Company has identified its Administrative Service Business (ASC), where the account, not Delta Dental of Rhode Island, has assumed the overall risk for the claims incurred and removed these components from both premiums earned and claims incurred in these 2022 and 2021 financial statements and the associated supporting exhibits. The administrative expenses reimbursed from ASC business is reported in the Annual Statement as "reimbursements by uninsured accident and health plans" in the Underwriting and Investment Exhibit Part 3 - Analysis of Expenses.

### NOTE 6 - - JOINT VENTURES, PARTNERSHIPS and LIMITED LIABILITY COMPANIES

As of the period ended June 30, 2022 and the year ended 2021, there has been income of \$826,274 and \$1,527,498 respectively from the company’s two joint ventures. The Company participated in two separate joint ventures with other Delta Dental Plans. These joint ventures started January 1, 2014, and Delta Dental of RI has taken a 2.53% risk share.

As of the period ended June 30, 2022 and the year ended 2021, there was a decrease of approximately \$189,425 and an increase of \$8,980,060 in the value of the three existing venture capital funds, respectively. In 2022, there have been no sales of investments resulting in realized gains. In 2021, there was a sale of an investment within the Venture Capital Funds that resulted in a realized gain of \$1,028,000. In 2022 and 2021, the company made additional contributions which increased its investments in the existing venture funds. The majority of the 2021 appreciation in value was from unrealized gains from significant valuation increases to various companies within the portfolio. These investments are reported on Schedule BA.

### NOTE 7 - - INVESTMENT INCOME

Interest income is accrued as earned. At June 30, 2022 and December 31, 2021, the Company had no income due or accrued that it considered a non-admitted asset, as collection on accrued interest is reasonably assured for all Company investments.

For the period ended June 30, 2022 and the year ended December 31, 2021, the Company performed GAAP analyses to determine whether declines in fair value below amortized cost were other than temporary impairment (“OTTI”) for the stock portfolio. Additionally, a statutory review of creditworthiness for the bond portfolio is performed.

---

## NOTES TO FINANCIAL STATEMENTS

---

The Company's common stocks are recorded at fair market values. For stocks that meet the GAAP OTTI criteria, required OTTI adjustments result in a reduction of unrealized losses and an equivalent increase in realized losses as a result of writing down the original cost amount to the current market value for these specific common stocks where market value has fallen below cost by a defined percentage and time frame that meets the Company's OTTI criteria. GAAP OTTI adjustments were not necessary for the period ended June 30, 2022 and for the year ended December 31, 2021.

In addition to this GAAP OTTI analysis, a separate statutory adjustment is required for bonds that fall to an NAIC #3 rating. These statutory analyses can result in a statutory temporarily impaired adjustment; however, no adjustments were required for the period ended June 30, 2022 and the year ended December 31, 2021, which would have reduced bond investments and reserves.

### NOTE 8 - - DERIVATIVE INSTRUMENTS

As disclosed in Note 1 above, all bond and stock investments consist of United States government and government agency securities, corporate notes with fixed rates and maturities, common stocks and two investments in wholly owned subsidiaries. For the period ended June 30, 2022 and the year ended December 31, 2021, the Company had not utilized any derivative financial instruments, therefore, the related disclosures, specifically 8A(8), and 8B(2) through 8B(4) are all not applicable.

### NOTE 9 - - INCOME TAXES

parent Company, Delta Dental of Rhode Island. First Circle, Inc., a for-profit subsidiary, remains in the development stage. The Company is a services company that connects consumers with dentists for services not payable by insurance, and assists dental offices in promoting and increasing the efficiency of their offerings of such services through its proprietary Chewsi technological, transactional, payment processing and marketing services platform.

B. See section A above.

C. See section A above.

D. At June 30, 2022 and December 31, 2021, the Company has intercompany receivables and payables with/to the Altus Group, Inc. and other affiliates. Some of these balances resulted from the fact that Altus Dental Insurance Company previously maintained a sweep banking arrangement for the Altus Group and its subsidiaries. The remainder of these balances are related to allocated expenses.

Management's cash flow projections for The Altus Group, Inc. and its subsidiaries are made based on a number of factors, which affect the changes in the intercompany balances over the period of time being analyzed. The most significant factors include: the relative and absolute growth in enrollment levels for Altus Dental Insurance Company, Inc.; the amount and rate of increase in operating and administrative expenses; the level of success Altus Dental, Inc. experiences in developing and maintaining its dental network; and the level of resources required by Altus Dental, Inc. for recruitment and marketing functions. Management's current cash flow projections for the dental operations of The Altus Group, Inc. and its subsidiaries projects profitability going forward and that the intercompany advances will be reduced gradually over time.

and undertakings in accordance with SSAP #5. Per this NAIC guidance, this information is disclosed in Note #14.

F. Delta Dental of RI (DDRI) and Altus Dental Insurance Company (ADIC) are allocated expenses from Altus Systems, Inc., a subsidiary within the Altus Group. Altus Systems (AS) is the company that employs the operations staff necessary to administer the dental business of both DDRI and Altus Dental Insurance Company. As a for-profit company, AS “sells” its dental related services to its sister and ultimate parent company at a 2% markup over its costs (to satisfy IRS requirements); therefore, AS generates net income on its dental operations. The allocations from Altus Systems are based on the Company’s member enrollment levels as a percentage of total consolidated dental member enrollment.

The Parent Company’s one dental insurance subsidiary, Altus Dental Insurance Company, is allocated expenses from three affiliated Companies, the ultimate Parent, Delta Dental of RI and two sister companies (Altus Systems, Inc. and Altus Dental, Inc.) within the Altus Group. The allocations from Delta and Altus Systems are based on the Company’s member enrollment levels as a percentage of total consolidated dental member enrollment. Expenses from Altus Dental are based on the number of subscribers under contract by the Company. The main allocated expenses from each source are as follows:

- Expenses are allocated from Delta Dental (DDRI), for costs associated with a portion of consolidated expenses incurred by DDRI that should be spread between the two insurance companies. The main costs in this category would be rent, depreciation and payroll and fringes benefit costs for the various departments that service both insurance Companies, such as Underwriting and Finance.
- Altus Systems (AS) is the company that employs the operations staff necessary to administer the dental business of both DDRI and ADIC, such as claims processing and customer service.
- Altus Dental incurs costs related to: (1) advertising, (2) recruiting and servicing the provider network, and (3) sales and marketing activities. These costs are then allocated to Altus Dental Insurance Company based on the volume of subscriber dental contracts.

Altus Realty Company, a wholly owned subsidiary of the Company, is a non-profit real estate holding company that holds title to and manages the building at 10 Charles Street in Providence, RI. The Company (Delta Dental of Rhode Island) presently rents approximately one half of the existing space within this building. For the period ended June 30, 2022 and the year ended December 31, 2021, this entity reported total revenues of \$695,000 and \$1,667,000 and net income of \$26,000 and \$331,000, respectively.

The Altus Group, Inc. is a wholly owned subsidiary of the Company and was established as a for-profit entity in 1999 for the purpose of expanding the Company’s offering of prepaid dental care coverage. For the period ended June 30, 2022 and the year ended December 31, 2021, after elimination of intercompany transactions, The Altus Group, Inc., generated net income of \$765,000 and a net loss of (\$376,000), respectively.

G. The nature of Delta Dental of Rhode Island’s relationship with all subsidiaries is disclosed in Footnote #1 under the Common Stock – Investments in Subsidiaries section.

Employees qualify for benefits upon normal retirement at age 65, or early retirement, which is met upon reaching age 60 and completion of five years of service. The Company accounts for postretirement benefits under the provisions of Statement of Statutory Accounting Principles (SSAP) No. 89, Accounting for Pensions, A Replacement of SSAP No. 8. Actuary valuations were used to measure plan assets and obligations as of December 31, 2021 and 2020.

### NOTE 14 - - LIABILITIES, CONTINGENCIES AND ASSESSMENTS

The Company has entered into employment contracts with certain key employees. These employment contracts vary in length. At December 31, 2021 the Company's total commitment under these employment contracts approximated \$876,000.

There are no contingent liabilities arising from litigation, which would be considered material in relation to the Company's financial position. Accordingly, the Company has committed no reserves to cover any contingent liabilities.

The Company, along with other Delta Dental Plans have been notified by the Massachusetts Department of Revenue that they should report and pay a premium tax back to 2006 based upon premiums received from plan members who reside in Massachusetts. Legal counsel for the Company, and the other Delta Dental Plans, strongly disagree with this interpretation of the premium tax regulations by the MA Department of Revenue. It is Management and legal counsel's opinion that the probability of this liability occurring is remote and as a result the Company has not recorded a contingent liability.

The Company, along with the Delta Dental Plans Association (DDPA), DeltaUSA, and the other independent DDPA member companies, is defending a collection of lawsuits that have been filed and consolidated in the United States District Court for the Northern District of Illinois. The plaintiffs, representing purported classes of dental providers, allege that various Association member company licensing standards violate federal antitrust laws. The Company believes the claims are meritless and intends to vigorously defend this case. At this point, it is too early in the proceedings to determine the outcome of the matter or the range or amount of any potential loss.

The Company has issued an unlimited parental guaranty, dated September 15, 2000, on behalf of Altus Dental Insurance Company, Inc., a subsidiary of The Altus Group Inc. The guaranty states that any and all claims and obligations of Altus Dental Insurance Company, Inc. to its subscribers and policyholders will be funded and satisfied by the Company in the event of any inability of Altus Dental Insurance Company, Inc. to satisfy such claims and obligations.

This guaranty became effective in September 2001 as Altus Dental Insurance Company, Inc. began underwriting dental insurance in Massachusetts at that time.

The following which are applicable to the company are described below.

- A. Contingent commitments – Not applicable
- B. Assessments – Not applicable
- C. Gain contingencies – Not applicable
- D. Claims related extra contractual obligation and bad faith losses stemming from lawsuits – Not applicable
- E. Joint and several liabilities – Not applicable
- F. All other contingencies – DDRI had contract commitments with certain key employees in the amount of \$876,000 at December 31, 2021.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 18 - - GAIN OR LOSS TO THE REPORTING ENTITY FROM UNINSURED PLANS AND THE UNINSURED PORTION OF PARTIALLY INSURED PLANS

The Company's policy regarding underwriting and pricing for uninsured or partially insured accident and health plans has been to determine that the administrative premium charged to each account covers all incremental costs (directly associated with servicing the specific account) plus a share of fixed and variable operating expenses to be incurred by the Company during the contract period.

As discussed in Note 1 and 2, for the December 31, 2001 annual filing the Company implemented the Statement on Statutory Accounting Principles (SSAP) # 47 "Uninsured Plans". The Company's financial operations for the period ended June 30, 2022 and the year ended December 31, 2021 exclude approximately \$45,444,000 and \$89,022,000 of revenues, respectively, from such plans and there are no significant gains or losses related to such transactions.

The Company's valuation techniques are based on observable and unobservable pricing inputs. Observable inputs reflect market data obtained from independent sources based on trades of securities while unobservable inputs reflect the Company's market assumptions. liabilities, quoted prices in markets that are not active or other inputs that are observable or can be derived from observable market data for substantially the full term of the assets or liabilities.

Level 3 – One or more unobservable inputs that are supported by little or no market activity and are significant to the fair value of the assets and liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using internal models, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The following table provides information about the Company's financial assets and liabilities measured at fair value on a recurring basis:

However, the business to which it relates is subject to premium adjustments.
