Notes to the Financial Statements

1. Summary of Significant Accounting Policies and Going Concern

A. Accounting Practices

The financial statements of Commonwealth Care Alliance Rhode Island, LLC (the Company) are presented on the basis of accounting practices prescribed or permitted by the Rhode Island Division of Insurance Regulation.

The Rhode Island Division of Insurance Regulation recognizes only statutory accounting practices prescribed or permitted by the State of Rhode Island for determining and reporting the financial condition and results of operations of an insurance company, for determining its solvency under the Rhode Island Insurance Law. The National Association of Insurance Commissioners' (NAIC) Accounting Practices and Procedures Manual (NAIC SAP) has been adopted as a component of prescribed or permitted practices by the state of Rhode Island.

A reconciliation of the Company's net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the state of Rhode Island is shown below:

	SSAP #	F/S Page	F/S Line #	2025	2024

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policy

Health capitation premiums are recognized in the period members are entitled to related health care services. Health care service costs and the related liabilities for claims payable are recorded when medical services are authorized, as well as when services are provided without authorization to the extent such services are expected to be ultimately authorized.

Expenses are charged to operations as incurred.

- (1) The Company had no short-term investments.
- (2) Bonds are stated at amortized cost using the scientific interest method. The Company does not own any mandatory convertible securities or SVO-Identified bond ETFs.
- (3) The Company had no common stock investments.
- (4) The Company had no preferred stock investments.
- (5) The Company had no mortgage loans investments.
- (6) The Company had no Loan-backed securities.
- (7) The Company does not have any ownership in parents, subsidiaries or affiliates.
- (8) The Company had no joint ventures, partnership, or limited liability companies.
- (9) The Company had no derivatives.
- (10) The Company determined that a premium deficiency reserve is necessary to reserve for anticipated losses, loss adjustment expenses, and other costs which exceed the anticipate premium revenues.
- (11) Unpaid losses and loss adjustment expenses include amounts determined from claims estimates and loss reports and an amount, based on past experience, for losses incurred but not reported. Such liabilities are necessarily based on assumptions and estimates and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liability are continually reviewed and any adjustments are reflected in the period determined.
- (12) The Company's capitalization policy has not changed.
- (13) The Company estimated pharmacy rebates receivable based on reported filled prescriptions.

Notes to the Financial Statements

1. Summary of Significant Accounting Policies and Going Concern (Continued)

D. Going Concern

In June 2024 the Company notified the Rhode Island Department of Business regulation that it submitted a timely Notice of Non-Renewal to the Center for Medicare and Medicaid Services for Plan Year 2025. As of December 31, 2024 the Plan ceased all revenue-generating activities and commenced a wind-down of operations. The termination of the CMS contract and remaining cash and investment balances sufficient to fund the wind down period have resolved the substantial doubt about the Company's ability to continue as a going concern.

20. Fair Value Measurements

A. Fair Value Measurement

The Company's financial assets and liabilities carried at fair value have been classified, for disclosure purposes, based on a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The hierarchy gives the highest priority to fair values determined using unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to fair values determined using unobservable inputs (Level 3). An asset's or liability's classification is determined based on the lowest level input that is significant to its measurement.

For example, a Level 3 fair value measurement may include inputs that are both observable (Levels 1 and 2) and unobservable (Level 3). The levels of the fair value hierarchy are as follows:

- Level 1: Inputs are unadjusted, quoted prices for identical assets or liabilities in active markets at the measurement date.
- Level 2: Inputs are other than quoted prices included in level 1 that are observable for the asset or liability through corroboration with market data at the measurement date.
- Level 3: Inputs are unobservable and reflect management's best estimate of what market participants would use in pricing the asset or liability at the measurement date.

Notes to the Financial Statements

20. Fair Value Measurements (Continued)

Fair value of actively traded fixed-income and equity securities is based on quoted market prices. Fair value of inactively traded fixed-income securities is based on quoted market prices of identical or similar securities based on observable inputs like interest rates using a market valuation approach is generally classified as Level 2. Investments measured based on the practical expedient being net asset value (NAV), based on the NAV of the fund as provided for in the audited financial statements and other fund reporting, are generally classified as Level 3.
