

Pre-Packaged Hemp-Derived Flower and Pre-Rolls Packaging Requirements

All Hemp Derived CBD Products sold in a container and intended to be consumed or applied by a human or animal must be packaged and labeled in accordance with the Rhode Island Industrial Hemp Program Regulations: [230-RICR-80-10-1](#).

Packaging must be:

- Be opaque and light resistant
- Fully enclose the product
- Protect the product from contamination
- Be Child-Resistant (*packaged in accordance with the Poison Prevention Packaging Act of 1970 (15 U.S.C. §§ 1471 – 75) and 16 C.F.R. Part 1700 et seq.*); and
- Not impart any toxic or deleterious substance to the hemp product

Examples of acceptable packaging include, but are not limited to the following:

Pre-Packaged Hemp-Derived Flower and Pre-Rolls Package Labeling Requirements

Font Requirements for Required Information:

- No smaller than size 6 font
- In Times New Roman, Calibri, Arial, Helvetica or another font determined by the OCR to be easily readable.
- In black or white
- Clearly written in the English language. Licensees may also include accurate text in a foreign language **in addition** to the required English text.

Required Information on the Package Label:

1. The business(es) or tradename(s) and license number(s) of the licensee(s) who produced the product;
2. The business or tradename and license number of the licensee selling the product;
3. Unique identifier
4. Net weight of the product prior to its placement in the package (in ounces, grams, or volume as appropriate)
5. **Total THC and Total CBD**; (Must be in font larger than size 6, bolded, underlined and in red)
 - * **Cannot exceed 0.3% THC**
8. If solvents were used in production, statement that discloses the type of extraction method, including any solvents, gases, or other chemicals or compounds used to produce or that are added to the extract
9. Any applicable instructions for use and safe storage; and
10. The required warning: "Warning: This product is not certified to be free of contaminants, is derived from industrial hemp, is not medical marijuana, and has not been analyzed or approved by the FDA."

All required Information must be unobstructed and conspicuous.

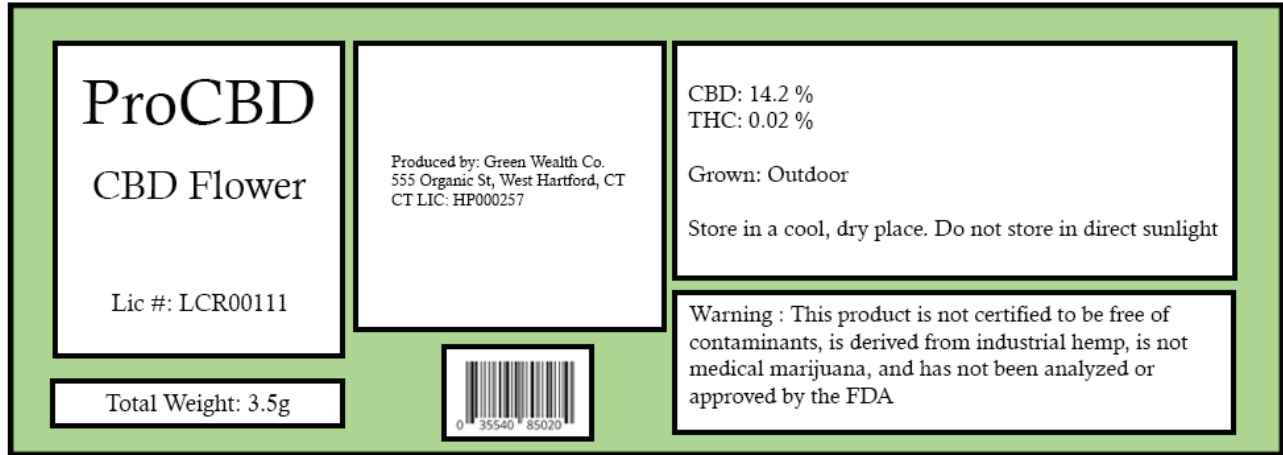

Small Container Minimum Requirements:

If the immediate container holding the hemp-derived consumable product is too small to fit all the required label information, a licensee may put at a minimum the following information on a label that is securely affixed to the small container:

- THC/CBD content
- Tradename of the seller of the product and/or license number
- Unique Identifier
- "Warning: This product is not certified to be free of contaminants, is derived from industrial hemp, is not medical marijuana, and has not been analyzed or approved by the FDA."
