This matter came before the Department of Business Regulation ("Department"), Division of Banking ("Division") upon the application of BankNewport, a regulated institution with a principal office at 10 Washington Square, Newport, Rhode Island 02840 (the "Applicant"), for approval to establish full service branch offices to be located at 5 South Angell Street, Providence, Rhode Island 02906 and 55 Dorrance Street, Providence, Rhode Island 02903 (the "Application"), pursuant to R. I. Gen. Laws §§ 19-1-3 and 19-2-11 and for the issuance of a certificates of public convenience and advantage in connection therewith.

The Application was filed on October 18, 2017. The Division published a notice of the filing of the Application on its website on November 7, 2017. The Application was available for public inspection and comment in the office of the Division from November 7, 2017 to November 28, 2017. The Division did not receive any written comments or objections regarding the Application during the comment period.

Evidence was submitted to the Division in support of the Application, which included responses to questions contained in the Application and various documents attached as exhibits to the Application.
Specifically, information was provided on the Applicant and the proposed branches. The Applicant provided a statement, which described the means by which the proposed branches would promote the public convenience and advantage of the communities to be served as well as information on the benefits of the proposed branches to the communities to be served and the impact on the safety and soundness of the Applicant.

II. APPLICABLE LAW

a. Public Convenience and Advantage Standard

The Director of the Department (the "Director"), or the Director's designee, is expressly authorized by R. I. Gen. Laws §§ 19-2-3 and 19-2-11 to issue a certificate of public convenience and advantage with respect to the establishment of a branch for a Rhode Island regulated institution upon consideration of factors consistent with the creation of a regulated institution and upon compliance with other applicable provisions of R. I. Gen. Laws Title 19. Although R. I. Gen. Laws Title 19 does not expressly delineate the factors that must be considered by the Director with respect to the standard of public convenience and advantage, it is the policy of the Director, and the Division under the supervision of the Director, to consider such factors as (a) the benefits to the community or communities to be served, such as the products and services to be provided by the proposed branch, and (b) the effects of the proposal on the public interest, such as the effect on employment, the economy and the tax base of the State. In addition, the Director considers the safety and soundness of the regulated institution making application and the effect of the proposal on the strength and stability of the financial community as a whole.

Under applicable law, therefore, the Director may issue a certificate upon a finding that the benefits flowing from the applicant's proposed activities will run to the public, that the applicant's proposed activities are fitting or suited to the public and will result in a gain or benefit to the public, that the proposed activity will not materially adversely affect the safety and soundness of the regulated institution, and that the application is in conformance with applicable law.

b. Community Reinvestment Act Standard

It has been the policy of the Director, in reviewing applications from state chartered institutions, to determine whether an applicant will adhere to Community Reinvestment Act ("CRA") standards. The principles inherent in CRA require institutions to address the credit needs
of the communities they serve. Both the federal CRA, 12 U.S.C. § 2901 et seq, and the state CRA, R. I. Gen. Laws §19-9-4, are applicable. The Director believes that CRA factors are relevant and important in determining whether a certificate of public convenience and advantage should be issued. The Applicant received a "Satisfactory" CRA performance evaluation rating from the Federal Deposit Insurance Corporation ("FDIC") on November 16, 2012, when the last CRA Performance review was performed.

c. Insurance of Deposits

R. I. Gen. Laws § 19-4-10 requires that any regulated institution permitted by law to receive deposits, except a regulated institution prevented from accepting deposits by its by-laws or agreement to form, must maintain federal deposit insurance.
