1. *Summary of Significant Accounting Policies and Going Concern*

A. Accounting Practices

Metropolitan Property and Casualty Insurance Company (the "Company") presents the accompanying financial statements on the basis of accounting practices prescribed or permitted ("RI SAP") by the State of Rhode Island ("RI") Department of Business Regulation, Insurance Division (the "Department" or "RIDBR").

The Department recognizes only the statutory accounting practices prescribed or permitted by Rhode Island in determining and reporting the financial condition and results of operations of an insurance company, in determining its solvency under the Rhode Island Insurance Law. In 2001, the National Association of Insurance Commissioners ("NAIC") *Accounting Practices and Procedures Manual* ("NAIC SAP") was adopted as the basis of RI SAP.

Rhode Island has not adopted any prescribed accounting practices that differ from those found in NAIC SAP. A reconciliation of the Company's net income and capital and surplus between RI SAP and NAIC SAP is as follows (in whole dollars):

	SSAP Number [(1)]	Financial Statement Page	Financial Statement Line Number	For the Year Ended December 31, 2017	For the Year Ended December 31, 2016
Net income, RI SAP				$ 246,200,888	$ 131,261,633
State prescribed practices: NONE				—	—
State permitted practices: NONE				—	—
Net income, NAIC SAP				$ 246,200,888	$ 131,261,633
				December 31, 2017	**December 31, 2016**
Statutory capital and surplus, RI SAP				$ 2,265,527,251	$ 2,271,089,276
State prescribed practices: NONE				—	—
State permitted practices: NONE				—	—
Statutory capital and surplus, NAIC SAP				$ 2,265,527,251	$ 2,271,089,276

(1) Statement of Statutory Accounting Principles ("SSAP")

The Company's risk-based capital ("RBC") would not have triggered a regulatory event without the use of the state prescribed practices.

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with statutory accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

All references to realized and unrealized net capital gains (losses), including other than temporary impairments ("OTTI") and impairments, are pre-tax unless otherwise noted.

C. Accounting Policy

Premiums are generally recognized as revenue on a pro rata basis over the policy term. The portion of the premiums written applicable to the unexpired terms of the policies is recorded as unearned premiums.

In addition, the Company uses the following accounting policies:

(1) Short-term investments are stated in the same manner as comparable longer-term investments described below.

(2) Bonds not backed by other loans are generally stated at amortized cost unless they have a NAIC rating designation of 3, 4, 5 or 6, which are stated at the lower of amortized cost or fair value. Bonds not backed by other loans are amortized using the scientific method.

(3) Common stocks of nonaffiliates are stated at fair value.

(4) Redeemable preferred stocks are generally stated at cost or amortized cost unless they have a NAIC rating designation of 3, 4, 5 or 6, in which case such stocks are stated at the lower of cost, amortized cost or fair value. Perpetual preferred stocks are generally stated at fair value unless they have a NAIC rating designation of 3, 4, 5 or 6, in which case such stocks are stated at the lower of cost or fair value.

(5) Mortgage loans on real estate are principally stated at amortized cost, net of valuation allowances.

(6) Mortgage-backed bonds, included in bonds, are generally stated at amortized cost using the scientific method unless they have a NAIC rating designation of 3, 4, 5, or 6, which are stated at the lower of amortized cost or fair value. Amortization of the discount or premium from the purchase of these securities considers the estimated timing and amount of prepayments of the underlying mortgage loans. Actual prepayment experience is periodically reviewed and effective yields are recalculated when differences arise between the prepayments originally anticipated and the

actual prepayments received and currently anticipated. For credit-sensitive mortgage-backed and asset-backed bonds and certain prepayment-sensitive bonds (e.g., interest-only securities), the effective yield is recalculated on a prospective basis. For all other mortgage-backed and asset-backed bonds, the effective yield is recalculated on a retrospective basis.

For certain residential mortgage-backed securities (“RMBS”) and commercial mortgage-backed securities (“CMBS”), both an initial and final NAIC designation is determined on a security-by-security basis based on a range of values published by the NAIC. The initial designation is used to determine the carrying value of the RMBS or CMBS. RMBS and CMBS with initial designations of 1 or 2 are stated at amortized cost, while RMBS and CMBS with initial designations of 3, 4, 5 or 6 are stated at the lower of amortized cost or fair value. The final designation calculation compares this carrying value with a range of values, resulting in a final NAIC designation reported herein, which is used for all other accounting and reporting purposes.

For loan-backed securities, including asset-backed securities (“ABS”), which are not modeled, the NAIC relies on the second lowest NAIC Credit Rating Provider (“CRP”) rating to determine the initial NAIC designation. The second lowest CRP rating is used to determine the carrying value of the security, which is based on the NAIC’s estimate of expected losses, using an NAIC published formula. The carrying value of the security determines its final NAIC designation, which is used for reporting in the Annual Statement and in RBC calculations. This revised methodology does not apply to NAIC 1 and NAIC 6 securities which are rated at the second lowest CRP designation.

(7) The Company accounts for investments in subsidiary, controlled and affiliated (“SCA”) companies using the statutory equity of the investee if the entity is an insurance company. All noninsurance entities are valued at the U.S. Generally Accepted Accounting Principles (“GAAP”) equity of the investee.

(8) Investments in joint ventures, partnerships and limited liability companies (“LLC”) are carried at the underlying audited GAAP equity (or audited International Financial Reporting Standards (“IFRS”) equity for certain partnership interests) of the respective entity’s financial statements. Undistributed earnings of these entities are recognized in unrealized gains and losses. Such investments are nonadmitted if they do not have financial statement audits.

(9) See Note 8 for the derivative accounting policy.

(10) The Company considers anticipated investment income as a factor in the premium deficiency calculation.

(11) The liability for unpaid reported losses is based on a case by case estimate (case reserves) for all lines and coverages within line of business, except for the non-injury automobile claims. For the non-injury automobile coverages, unpaid losses are based on average “statistical” reserves. There is an additional overall estimate (supplemental reserves for several specific coverages within lines of business) based on the Company’s past experience; this is also known as an additional reserve on known claims. A provision is also made for losses incurred but not reported on the basis of estimates and past experience modified for current trends and estimates of expenses for investigating and settling claims, reduced for anticipated salvage and subrogation. The liability for unpaid losses on business assumed is based in part on reports received from ceding companies.

Management believes that the liability for unpaid losses and loss adjustment expenses is adequate to cover ultimate unpaid losses and loss adjustment expenses incurred. However, such liability is necessarily based on estimates, and the ultimate liability may vary significantly from such estimates. In accordance with industry practice, the Company regularly reviews its estimated liability, and any adjustments are reflected in the period in which they become known. In accordance with guidelines established by the NAIC, the liability for unpaid losses at December 31, 2017 is reported net of estimated salvage and subrogation recoverable.

(12) The Company did not modify its capitalization policy from the prior period.

(13) The Company does not have pharmaceutical rebate receivables.

(14) EDP equipment and operating system software are stated at cost, less accumulated depreciation. Depreciation expense is recorded in insurance expenses and taxes (other than federal income and capital gains taxes). Furniture and fixtures, leasehold improvements and non-operating system computer software are classified as non-admitted assets. Changes in non-admitted assets are recorded as a charge or credit to surplus.

Depreciation is determined using the straight-line method. EDP equipment and operating system software are depreciated over the lesser of its useful life or three years. Non-operating system software is depreciated over the lesser of its useful life or five years. Estimated lives of furniture and fixtures range from five to seven years. Leasehold improvements are depreciated over the remaining lease term or ten years, whichever is shorter.

The cost basis of EDP equipment and operating system software was $1,147,777 and $523,449 at December 31, 2017 and 2016, respectively. Accumulated depreciation of EDP equipment and operating system computer software was$404,408 and $321,061 at December 31, 2017 and 2016, respectively. Related depreciation expense was $89,161 and $69,855 for the years ended December 31, 2017 and 2016, respectively.

Depreciation expense on furniture and fixtures, leasehold improvements and non-operating system computer software was $11,254,621 and $11,166,943 at December 31, 2017 and 2016, respectively.

D. Going Concern

Management does not have any substantial doubt about the Company’s ability to continue as a going concern.

2. ***Accounting Changes and Corrections of Errors***

Accounting Pronouncements

In February 2018, the NAIC adopted INT 18-01, *Updated Tax Estimates under the Tax Cuts and Jobs Act*, to modify the guidance of SSAP No. 101, *Income Taxes* ("SSAP 101"), to require additional disclosure. The Company has provided all required disclosures in Note 9C.

In November 2017, the NAIC adopted changes to SSAP No. 26R, *Bonds* ("SSAP 26R"), to expand the definition of bank loans to include those loans issued by an insurer or acquired through assignment, participation or syndication. The Company has provided all required disclosures.

In June 2017, the NAIC adopted changes to SSAP No. 37, *Mortgage Loans* ("SSAP 37"), identifying that in addition to directly originated mortgages the scope of SSAP 37 also includes investments in mortgage loans acquired through a participation, assignment, or syndication. The Company has provided all required disclosures.

In April 2017, the NAIC adopted updates to SSAP No. 30, *Unaffiliated Common Stock* ("SSAP 30"), SSAP No. 48, *Joint Ventures, Partnerships and Limited Liability Companies* ("SSAP 48"), and SSAP No. 97, *Investment in Subsidiary, Controlled and Affiliated Entities* ("SSAP 97"), to conform with ASU 2016-17, *Interests Held through Related Parties That Are under Common Control,* simplifying the transition to the equity method of accounting, eliminating the requirement to make retroactive adjustments when an investment qualifies for use of the equity method as a result of an increase in the level of ownership interest or degree of influence. The adoption of these changes did not have an impact on the Company's financial statements.

In April 2017, the NAIC adopted changes to SSAP No. 55, *Unpaid Claims, Losses and Loss Adjustment Expenses* ("SSAP 55"), requiring disclosure of any significant modifications in methodologies and assumptions used in calculating the liability for unpaid claims and claim adjustment expenses, including the reasons for the change and the effects on the financial statements. The Company has provided all required disclosures.

In April 2017, the NAIC adopted changes to SAP No. 65, *Property and Casualty Contracts* ("SSAP 65"), requiring disclosure and line item classification for the amount of interest accretion recognized for the period related to discounted claim and claim adjustment expense liabilities. These changes incorporate additional disclosures from ASU 2015-09, *Short Duration Contract Disclosures*, not previously captured in statutory accounting guidance. The Company has provided all required disclosures.

In December 2016, the NAIC adopted changes to SSAP 86 to clarify that a change in the counterparty to a derivative instrument does not, by itself, result in a termination of the derivative instrument. These changes also incorporate a definition of notional for derivative instruments. The adoption of these changes did not have an impact on the Company's financial statements.

In June 2016, the NAIC adopted changes to SSAP No. 26, *Bonds* (subsequently replaced by SSAP 26R) and SSAP No. 43R, *Loan-Backed and Structured Securities,* to address diversity in practice in the accounting for prepayment fees on callable bonds. The changes require all prepayment fees to be reported as net investment income, and also require bifurcation of the total proceeds received on a bond that is called between net investment income and realized capital gains/losses. The adoption of these changes did not have a material impact on the Company's financial statements.

In October 2017, the NAIC adopted an interpretation of SSAP No. 6, *Uncollected Premium Balances, Bills Receivable for Premiums, and Amounts Due From Agents and Brokers* ("SSAP 6"), to allow for an optional 60-day extension of the normal 90-day rule in SSAP 6 for policies affected by Hurricane and Tropical Storm Harvey, Hurricane and Tropical Storm Irma, Hurricane and Tropical Storm Maria, and related flooding. The interpretation was automatically nullified on February 16, 2018. The adoption of these changes did not have an impact on the Company's financial statements.

Future Accounting Pronouncements

In November 2017, the NAIC adopted changes to SSAP 86 that require changes to variation margin to be recognized as unrealized gains/losses until the derivative contract has matured, been terminated or expires. This revision would apply to both over-the-counter derivatives and exchange traded futures, regardless of whether the counterparty/exchange considers the variation margin payment to be collateral or an actual settlement. These changes are effective January 1, 2018 and the Company does not expect a material impact to its financial statements from the adoption of this guidance.

In November 2017, the NAIC adopted changes to SSAP No. 97, *Investment in Subsidiary, Controlled and Affiliated Entities* , amending Exhibit A to incorporate a 90-day time period to file an initial filing ("Sub 1") after an initial acquisition or formation of an SCA entity, and an August 31 deadline for an annual update ("Sub 2") filings, with provisions to allow a company a one-month deadline after the audit date for an SCA entity that regularly receives its audit report after August 31. These changes are effective January 1, 2018 and the Company will comply with all required disclosures.

In November 2017, the NAIC adopted changes to SSAP No. 100, *Fair Value* ("SSAP 100"), to allow NAV per share as a practical expedient to fair value either when specifically named in an SSAP or when specific conditions exist. These changes are effective January 1, 2018 and the Company does not expect a material impact to its financial statements from the adoption of this guidance.

In June 2017, the NAIC adopted updates to SSAP No. 69, *Statement of Cash Flow* ("SSAP 69"), to conform with ASU 2016-18, *Statement of Cash Flow - Restricted Cash*. The adoption clarifies that the flow of restricted cash and cash equivalents shall not be reported as operating, investing or financing activities, but shall be reported with cash and cash equivalents when reconciling beginning and ending amounts on the cash flow statement. The action also incorporated a change to SSAP No. 1, *Accounting Policies, Risk & Uncertainties and Other Disclosures* ("SSAP 1"), to ensure information on restricted cash, cash equivalents and short-term investments is reported in the restricted asset disclosure. The changes are effective December 31, 2019 and the Company will comply with all required disclosures.

3. Business Combinations and Goodwill

A. Statutory Purchase Method

The Company had no transactions that were accounted for as a statutory purchase during 2017 and 2016.

B. Statutory Merger

The Company had no statutory mergers during 2017 and 2016.

C. Impairment Loss

The Company had no recognized impairment losses during 2017 and 2016.

4. Discontinued Operations

The Company had no discontinued operations during 2017 and 2016.

5. Investments

A. Mortgage Loans, including Mezzanine Real Estate Loans

(1) The maximum and minimum interest rates for mortgage loans funded or acquired during 2017 were:

	Maximum	**Minimum**
Farm loans	5.66%	3.99%
Commercial loans	4.07%	3.65%

(2) Generally, the Company, as the lender, only loans up to 75% of the purchase price of the underlying real estate. From time to time, the Company may originate loans in excess of 75% of the purchase price of the underlying real estate, if underwriting risk is sufficiently within Company standards.

The maximum percentage of any one loan to the value of the underlying real estate at the time of the origination and originated during the period covering the year ended December 31, 2017 was: 64.4%

(3) During 2017 and 2016, all applicable taxes, assessments and advances were included in the mortgage loan total.

(4) The Company's age analysis of mortgage loans and identification of mortgage loans in which the insurer is a participant or co-lender in a mortgage loan agreement, aggregated by type, was as follows:

(5-7) During 2017 and 2016, the Company had no impaired or nonaccrual mortgage loans and allowance for credit losses.

(8) The Company had no derecognized mortgage loans as a result of foreclosure for the years ended 2017 and 2016.

(9) The Company accrues interest income on impaired loans to the extent it is deemed collectible and the loan continues to perform under its original or restructured contractual terms. As part of the reserve process, management assesses whether loans need to be placed on a non-accrual status at which time the Company recognizes income on the cash method.

B. Debt Restructuring

The Company did not have any restructured debt in which the Company was a creditor in 2017 and 2016.

C. Reverse Mortgages

The Company did not have any reverse mortgages in 2017 and 2016.

D. Loan-backed Securities

(1) Prepayment assumptions were obtained from published broker dealer values and internal estimates.

(2) a. The Company did not recognize any OTTI on the basis of the intent to sell during the year ended December 31, 2017.

b. The Company did not recognize any OTTI on the basis of the inability or lack of intent to retain the investment in the security for a period of time sufficient to recover the amortized cost basis during the year ended December 31, 2017.

(3) As of December 31, 2017, the Company has not recognized any OTTI on its loan-backed securities based on cash flow analysis.

(4) At December 31, 2017, the estimated fair value and gross unrealized losses for loan-backed securities, aggregated by length of time the securities have been in a continuous loss position were as follows:

a. The aggregate amount of unrealized losses:		
1. Less than 12 Months	$	239,811
2. 12 Months or Longer	$	10,938
b. The aggregate related fair value of securities with unrealized losses:		
1. Less than 12 Months	$	27,144,089
2. 12 Months or Longer	$	304,104

(5) The Company performs a regular evaluation, on a security-by-security basis, of its securities holdings in accordance with its OTTI policy in order to evaluate whether such investments are other than temporarily impaired. Management considers a wide range of factors about the security issuer and uses its best judgment in evaluating the cause of the decline in the estimated fair value of the security and in assessing the prospects for near-term recovery. Factors considered include fundamentals of the industry and geographic area in which the security issuer operates, as well as overall macroeconomic conditions. Projected future cash flows are estimated using assumptions derived from management's best estimates of likely scenario-based outcomes after giving consideration to a variety of variables that include, but are not limited to: (i) general payment terms of the security; (ii) the likelihood that the issuer can service the scheduled interest and principal payments; (iii) the quality and amount of any credit enhancements; (iv) the security's position within the capital structure of the issuer; (v) possible corporate restructurings or asset sales by the issuer; and (vi) changes to the rating of the security or the issuer by rating agencies. Additional considerations are made when assessing the unique features that apply to certain loan-backed securities including, but are not limited to: (i) the quality of underlying collateral; (ii) expected prepayment speeds; (iii) current and forecasted loss severity; (iv) consideration of the payment terms of the underlying assets backing the security; and (v) the payment priority within the tranche structure of the security. For loan-backed securities in an unrealized loss position as summarized in the immediately preceding table, the Company does not have the intent to sell the securities, believes it has the intent and ability to retain the security for a period of time sufficient to recover the carrying value of the security and based on the cash flow modeling and other considerations as described above, believes these securities are not other than temporarily impaired.

E. Dollar Repurchase Agreements and/or Securities Lending Transactions

(1) The Company participates in a securities lending program whereby securities, which are included in invested assets, are loaned to third parties, primarily brokerage firms and commercial banks. The Company accepts collateral of 102% of the fair value of the loaned securities to be separately maintained as collateral for the loans. The Company is liable for the return of the cash collateral under its control.

(2) The Company did not have any pledged assets as collateral for securities lending transactions or dollar repurchase agreements as of December 31, 2017.

(3) Collateral received

The Company participates in a securities lending program as discussed in Note 17.

a. The aggregate amount of collateral received as of December 31, 2017, was as follows:

1.

Securities Lending		Fair Value
Open[(1)]	$	10,225,000
30 days or less		40,950,000
31 to 60 days		10,225,000
61 to 90 days		—
Greater than 90 days		—
Sub-Total	$	61,400,000
Securities Received		—
Total Collateral Received	$	61,400,000

(1) The related loaned security could be returned to the Company on the next business day requiring the Company to immediately return the cash collateral.

2. The Company did not have any cash collateral received from dollar repurchase agreements.

b. As of December 31, 2017, the Company did not have collateral that was sold or repledged.

c. As the Company did not have collateral that was sold or repledged, as of December 31, 2017, there is no associated information about the sources and uses of that collateral.

(4) As of December 31, 2017, the Company did not have any security lending transactions administered by an affiliate agent in which "one-line" reporting of the reinvested collateral is used.

(5) Collateral Reinvestment

a. The aggregate amount of cash collateral reinvested as of December 31, 2017, was as follows:

1.

Securities Lending	Amortized Cost	Fair Value
Open	$ —	$ —
30 days or less	6,799,752	6,799,803

Portion of reinvestment portfolio invested in U.S. government and agency securities and certain agency RMBS	$ 40,245,725	$ 40,104,923

2. The Company did not have any cash collateral reinvested from dollar repurchase agreements.

b. The bonds within the reinvestment portfolio consist principally of U.S. government and agency securities, asset-backed securities, and commercial mortgage-backed securities. If the securities on loan or the loan backed securities or corporate securities within the reinvestment portfolio become less liquid, the Company has U.S. government and agency securities within the reinvestment portfolio and the liquidity resources of most of its general account available to meet any potential cash demand when securities are returned to the Company.

(6) The Company has not accepted collateral that it is not permitted by contract or custom to sell or repledge.

(7) The Company does not have collateral for securities lending that extends beyond one year from December 31, 2017.

F. Repurchase Agreements Transactions Accounted for as Secured Borrowing

The Company did not have any repurchase agreements transactions accounted for as secured borrowing in 2017 and 2016.

G. Reverse Repurchase Agreements Transactions Accounted for as Secured Borrowing

The Company did not have any reverse repurchase agreements transactions accounted for as secured borrowing in 2017 and 2016.

H. Repurchase Agreements Transactions Accounted for as a Sale

The Company did not have any repurchase agreements transactions accounted for as a sale in 2017 and 2016.

I. Reverse Repurchase Agreements Transactions Accounted for as a Sale

The Company did not have any reverse repurchase agreements transactions accounted for as a sale in 2017 and 2016.

J. Real Estate

(1) For the years ended December 31, 2017 and 2016, the Company did not recognize any impairment losses.

(2) The Company had no properties classified as held-for-sale as of December 31, 2017 and 2016.

For the years ended December 31, 2017 and 2016, the gain/(loss) on real estate sales was $0 and $0 respectively.

(3) There were no changes during the year in the Company's plans to sell investment real estate.

(4) The Company does not engage in retail land sales operations.

(5) The Company does not hold any real estate investments with participating mortgage loans.

K. Investments in Low-Income Housing Tax Credits ("LIHTC")

The Company did not have investments in LIHTC in 2017 and 2016.

L. Restricted Assets

(1) Restricted Assets (Including Pledged)

Information on the Company's investment in restricted assets as of December 31, was as follows:

N. Offsetting and Netting of Assets and Liabilities

The Company had no assets and liabilities which are offset and reported net in accordance with a valid right to offset.

O. Structured Notes

A structured note is a direct debt issuance by a corporation, municipality, or government entity, ranking pari-passu with the issuer's other debt issuances of equal seniority where either: 1) the coupon and/or principal payments are linked, in whole or in part, to prices or payment streams from an index or indices, or assets deriving their value from other than the issuer's credit quality, or 2) the coupon and/or principal payments are leveraged by a formula that is different from either a fixed coupon, or a non-leveraged floating rate coupon linked to an interest rate index, including but not limited to London Interbank Offered Rate ("LIBOR") or the prime rate. Information regarding structured notes as of December 31, 2017 was as follows:

CUSIP	Actual Cost	Fair Value	Book Adjusted Carrying Value	Mortgage Referenced Security (YES/NO)
03938LAU8	$ 1,060,000	$ 1,077,500	$ 1,025,968	NO

Q. Short Sales

(1) The Company did not have any unsettled short sale transactions outstanding as of December 31, 2017.

(2) The Company did not have any settled short sale transactions during the year ended December 31, 2017.

R. Prepayment Penalty and Acceleration Fees

During the year ended December 31, 2017, the Company had securities sold, redeemed or otherwise disposed of as a result of a callable feature. The number of securities sold, disposed or otherwise redeemed and the aggregate amount of investment income generated as a result of a prepayment penalty and/or acceleration fee is as follows:

	General Account	Separate Account
Number of CUSIPs	7	—
Aggregate Amount of Investment Income	$ 171,152	$ —

6. Joint Ventures, Partnerships and Limited Liability Companies

A. The Company had no investments in any joint venture, partnership or LLC that exceeds 10% of the admitted assets of the insurer.

B. The Company recognized write-downs and recorded adjustments totaling $88,802 and $227,291 on investments in joint ventures during the years ended December 31, 2017 and 2016, respectively. Impairments are recognized when an investment's net asset value or management's estimate of value, based on available information, is less than the carrying amount or if, in management's judgment, the investment will not be able to absorb prior losses classified as unrealized losses. These losses are deemed to be other than temporary and the value of these impairments was recorded as a realized loss.

7. Investment Income

A. Due and accrued income is excluded from surplus on the following bases:

All investment income due and accrued with amounts over 90 days past due are nonadmitted with the exception of mortgage loan investment income which is nonadmitted after 180 days, or if the underlying loan is in the process of foreclosure.

B. The total amount excluded was $0 for the year ended December 31, 2017 and $41,653 for the year ended December 31, 2016.

8. Derivative Instruments

The Company may be exposed to various risks relating to its ongoing business operations, including interest rate risk, foreign currency exchange rate risk, credit risk and equity market risk. The Company uses a variety of strategies to manage these risks, including the use of derivatives.

Derivatives are financial instruments whose values are derived from interest rates, foreign currency exchange rates, credit spreads or other financial indices. Derivatives may be exchange-traded or contracted in the OTC market. All of the Company's OTC derivatives are bilateral contracts between two counterparties. The Company uses a variety of derivatives, including swaps, forwards and options, to manage risks that may include interest rate risk, foreign currency exchange rate risk, credit risk and equity market risk. Derivative hedges are designed to reduce risk on an economic basis while considering their impact on accounting results and statutory capital.

Insurance statutes restrict the Company's use of derivatives to: (i) hedging activities intended to offset changes in the estimated fair value of assets held, obligations and anticipated transactions; (ii) income generation transactions to generate additional income or return on covering assets; and (iii) replication synthetic asset transactions to reproduce the investment characteristics of otherwise permissible investments. The Company is prohibited from using derivatives for speculation. OTC derivatives are carried on the Company's Statutory Statements of Assets, Liabilities, Surplus and Other Funds either as derivative assets or derivative liabilities.

The Company does not offset the values recognized for derivatives executed with the same counterparty under the same master netting agreement. This policy applies to the recognition of derivative assets and derivative liabilities in the Statutory Statements of Assets, Liabilities, Surplus and Other Funds.

To qualify for hedge accounting under SSAP 86, at the inception of the hedging relationship, the Company formally documents its risk management objective and strategy for undertaking the hedging transaction, as well as its designation of the hedge as either: (i) a hedge of the estimated fair value of a recognized asset or liability ("fair value hedge"); or (ii) a hedge of the variability of cash flows to be received or paid related to a forecasted transaction or a recognized asset or liability ("cash flow hedge"). In its hedge documentation, the Company sets forth how the hedging instrument is expected to hedge the designated risks related to the hedged item and sets forth the method that will be used to retrospectively and prospectively assess the hedging instrument's effectiveness. A derivative designated as a hedging instrument must be assessed as being highly effective in offsetting the designated risk of the hedged item. Hedge effectiveness is formally assessed at inception and at least quarterly throughout the life of the designated hedging relationship.

The Company may hold cash flow and fair value derivatives that hedge various assets and liabilities including bonds and liability portfolios; the derivatives that hedge those assets and liabilities are valued in a manner consistent with the underlying hedged item, if the derivatives meet the criteria for highly effective hedges. Bonds that have an NAIC designation of 1 or 2 are carried at amortized cost; therefore, the derivatives hedging such bonds are also carried at amortized cost. Bonds that have an NAIC designation of 3 through 6 are carried at the lower of amortized cost or estimated fair value; therefore, the derivatives hedging such bonds are also carried at the lower of amortized cost or estimated fair value. Any hedged liabilities of the Company are carried at amortized cost; therefore, the derivatives hedging liabilities are also carried at amortized cost. Effective foreign currency swaps have a foreign currency adjustment reported in change in net unrealized foreign exchange capital gain (loss) pursuant to SSAP 86 by using the same procedures as used to translate the hedged item.

The Company discontinues hedge accounting prospectively when: (i) it is determined that the derivative is no longer highly effective in offsetting changes in the estimated fair value or cash flows of a hedged item; (ii) the derivative expires or is sold, terminated or exercised; (iii) it is no longer probable that the hedged forecasted transaction will occur; or (iv) the Company removes the designation of the hedge.

When hedge accounting is discontinued because it is determined that the derivative is not highly effective in offsetting changes in the estimated fair value or cash flows of a hedged item, the derivative is carried at its estimated fair value with changes in estimated fair value, excluding changes in foreign exchange rates, reported in change in net unrealized capital gains (losses) and estimated fair value changes attributable to changes in foreign exchange rates are reported in change in net unrealized foreign exchange capital gain (loss).

Upon termination of a derivative that qualified for hedge accounting, the gain or loss is reflected as an adjustment to the basis of the hedged item and is recognized in income consistent with the hedged item. If the hedged item is sold, the gain or loss on the derivative is realized.

To the extent the Company does not designate a derivative for hedge accounting, the derivative is carried at estimated fair value with changes in estimated fair value, excluding changes in foreign exchange rates, reported in change in net unrealized capital gains (losses) and any changes in estimated fair value attributable to changes in foreign exchange rates are reported in change in net unrealized foreign exchange capital gain (loss).

Types of Derivatives

Foreign Currency Exchange Rate Derivatives

The Company uses foreign currency exchange rate derivatives, including foreign currency swaps and forwards to reduce the risk from fluctuations in foreign currency exchange rates associated with its assets denominated in foreign currencies.

In a foreign currency swap transaction, the Company agrees with another party to exchange, at specified intervals, the difference between one currency and another at a fixed exchange rate, generally set at inception, calculated by reference to an agreed upon notional amount. The notional amount of each currency is exchanged at the inception and termination of the currency swap by each party. See Schedule DB, Part A.

In a foreign currency forward transaction, the Company agrees with another party to deliver a specified amount of an identified currency at a specified future date. The price is agreed upon at the time of the contract and payment for such a contract is made in a specified currency at the specified future date. In certain instances the Company may lock in the economic impact of existing forwards by entering into offsetting positions. See Schedule DB, Part A.

Equity Market Derivatives

Equity index options are used by the Company to hedge certain invested assets against adverse changes in equity indices. In an equity index option transaction, the Company enters into contracts to sell the equity index within a limited time at a contracted price. The contracts will be net settled in cash, based on differentials in the indices at the time of exercise and the strike price. In certain instances, the Company may enter into a combination of transactions to hedge adverse changes in equity indices within a pre-determined range through the purchase and sale of options. See Schedule DB, Part A.

Fair Value Hedges

The Company held no fair value hedges during the years ended December 31, 2017 and 2016.

Cash Flow Hedges

The Company designates and accounts for foreign currency swaps to hedge the foreign currency cash flow exposure of foreign currency denominated assets as cash flow hedges, when they have met the effectiveness requirements of SSAP 86.

All components of each derivative's gain or loss were included in the assessment of hedge effectiveness.

For the years ended December 31, 2017 and 2016, there were no gains (losses) related to cash flow derivatives that no longer qualify for hedge accounting or for which the Company removed the hedge designation.

In certain instances, the Company may discontinue cash flow hedge accounting because it is no longer probable that the forecasted transaction will occur by the end of the originally specified time period or within two months of the anticipated date. For the years ended December 31, 2017 and 2016, there were no gains (losses) related to such discontinued cash flow hedges.

There were no hedged forecasted transactions, other than the receipt or payment of variable interest payments, for the years ended December 31, 2017 and 2016.

Non-qualifying Derivatives

The Company enters into the following derivatives that do not qualify for hedge accounting under SSAP 86: (i) foreign currency swaps and forwards to economically hedge its exposure to adverse movements in exchange rates; and (ii) equity index options to hedge certain invested assets against adverse changes in equity indices.

Derivatives for Other than Hedging Purposes

The Company held no derivatives for other than hedging purposes during the years ended December 31, 2017 and 2016.

Credit Risk

The Company enters into various collateral arrangements, which may require both the pledging and accepting of collateral in connection with its derivatives.

The table below summarizes the collateral pledged by the Company in connection with its OTC derivatives as of December 31:

	Securities [1]	
	2017	**2016**
Variation Margin:		
OTC-bilateral	$ 2,758,320	$ —

[1] Securities pledged as collateral are reported in Bonds. Subject to certain constraints, the counterparties are permitted by contract to sell or repledge this collateral.

The table below summarizes the collateral received by the Company in connection with its OTC derivatives as of December 31:

	Cash [1]	
	2017	**2016**
Variation Margin:		
OTC-bilateral	$ 2,911,574	$ 6,249,574

[1] Cash collateral received is reported in cash, cash equivalents and short-term investments and the obligation to return the collateral is reported in aggregate write-ins for liabilities as cash collateral received on derivatives.

The Company's collateral arrangements for its OTC derivatives generally require the counterparty in a net liability position, after considering the effect of netting agreements, to pledge collateral when the amount owed by that party reaches a minimum transfer amount. In addition, the Company's netting agreements for derivatives contain provisions that require both the Company and the counterparty to maintain a specific investment grade credit rating from each of Moody's Investors Service and Standard & Poor's Ratings Service. If a party's credit ratings were to fall below that specific investment grade credit rating, that party would be in violation of these provisions, and the other party to the derivatives could terminate the transactions and demand immediate settlement and payment based on such party's reasonable valuation of the derivatives.

On December 22, 2017, the Tax Cuts and Jobs Act (“U.S. Tax Reform”) was signed into law, resulting in several corporate tax changes, with a number of provisions specifically impacting the insurance industry. U.S. Tax Reform includes numerous changes in tax law, including a permanent reduction in the Federal corporate income tax rate from 35% to 21%, which took effect for taxable years beginning on or after January 1, 2018.

NOTES TO THE FINANCIAL STATEMENTS

The Company has recorded provisional amounts in 2017 for certain items for which the income tax accounting is not complete. The following items are considered provisional estimates due to complexities and ambiguities in the U.S. Tax Reform which resulted in incomplete accounting for the tax effects of these provisions. Further guidance, either legislative or interpretive, availability of certain financial information and analysis will be required to complete the accounting for these items:

Alternative Minimum Tax Credits - U.S. Tax Reform eliminates the corporate alternative minimum tax and allows for minimum tax credit carryforwards to be used to offset future regular tax or to be refunded over the next few years. However, pursuant to the requirements of the Balanced Budget and Emergency Deficit Control Act of 1985, as amended, refund payments issued for corporations claiming refundable prior year alternative minimum tax liability credits are subject to a sequestration rate of 6.9% for transactions processed on or after January 1, 2017 and on or before September 30, 2017. The application of this fee to alternative minimum tax credit refunds in future years is subject to further guidance. Further, the sequestration reduction rate in effect at the time is subject to uncertainty. The Company has recorded a $1,040,292 reduction to DTA for this item.

With the signing of the U.S. Tax Reform, a 21% Federal tax rate was enacted for tax years after 2017. While the tax rate change impacts “current” tax calculations after year-end 2017, the tax rate change, along with certain other tax reform items, will impact year-end 2017 “deferred” tax calculations. As such, amounts recognized as DTA and DTL for year-end 2017 shall be calculated using the enacted Federal tax rate.

The tax rate change resulted in the following impact on the Company’s DTA and DTL reported in statutory financial statements:

Change in net deferred income taxes	$	(48,274,814)
Change in nonadmitted DTA	$	—
Change in net unrealized capital gains (losses) less capital gains tax	$	(2,829,253)

Net estimated tax reform impact on surplus from net admitted DTA is a decrease of $51,104,066.

D. The provision for Federal and foreign income taxes incurred is different from that which would be obtained by applying the statutory Federal income tax rate to net gain (loss) from operations after dividends to policyholders and before Federal income tax. The significant items causing the difference were as follows:

		December 31, 2017
Net gain (loss) from operations after dividends to policyholders and before Federal income tax @ 35%	$	100,892,719
Net realized capital gains (losses) @ 35%		1,974,025
Tax effect of:		
Impact of tax reform		41,369,196
Change in nonadmitted assets		7,438,353
Prior years adjustments and accruals		2,295,815
Meals and entertainment		432,160
Nondeductible expenses		81,100
Penalties		4,380
Tax credits		(39,663)
Dividend received deduction		(29,128,642)
Tax exempt income		(31,748,425)
Total statutory income taxes (benefit)	$	93,571,018

Federal and foreign income taxes incurred including tax on realized capital gains	$	47,704,094
Change in net DTA		45,866,924
Total statutory income taxes (benefit)	$	93,571,018

E. (1) As of December 31, 2017, the Company had no net operating loss or net capital loss carryforwards.

The Company had tax credit carryforwards which will expire as follows:

Year of expiration		Tax credit carryforwards
Indefinite	$	29,112,951
2023		5,590
2036		568
	$	29,119,109

(2) As of December 31, 2017, the Company has Federal income taxes available for recoupment in the event of future net losses:

Year	Ordinary		Capital	
2017	$	1,000,000	$	14,000
2016		88,500		—
	$	1,088,500	$	14,000

(3) The Company had no deposits under Section 6603 of the Internal Revenue Code of 1986, as amended ("IRC") during 2017.

* Following August 4, 2017, the separation of Brighthouse from MetLife, the Company's Federal income tax return is not consolidated with the Brighthouse entities.

(2) The consolidating companies join with MetLife and its includable subsidiaries in filing a consolidated U.S. life and non-life Federal income tax return in accordance with the provisions of the IRC. Current taxes (and the benefits of tax attributes such as losses) are allocated to MetLife and its subsidiaries under the consolidated tax return regulations and a tax sharing agreement. Under the consolidated tax return regulations, MetLife has elected the "percentage method" (and 100% under such method) of reimbursing companies for tax attributes, e.g., net operating losses. As a result, 100% of tax attributes are reimbursed by MetLife to the extent that consolidated Federal income tax of the consolidated Federal tax return group is reduced in a year by tax attributes. On an annual basis, each of the profitable subsidiaries pays to MetLife the Federal income tax which it would have paid based upon that year's taxable income. If MetLife or the subsidiary has current or prior deductions and credits (including but not limited to losses) which reduce the consolidated tax liability of the consolidated Federal tax return group, the deductions and credits are characterized as realized (or realizable) by MetLife and its subsidiaries when those tax attributes are realized (or realizable) by the consolidated Federal tax return group, even if MetLife or the subsidiary would not have realized the attributes on a stand-alone basis under a "wait and see" method.

G. As of December 31, 2017, the Company had no liability for unrecognized tax benefits.

10. *Information Concerning Parents, Subsidiaries, Affiliates and Other Related Parties*

A-C. The Company paid an extraordinary dividend to MetLife of $185,000,000 in the form of cash on December 18, 2017. The Company paid an ordinary dividend to MetLife of $228,000,000 in the form of cash on December 19, 2016.

The Company paid extraordinary preferred stock dividends to MLCC of $5,724,696.25 and $4,834,488.75 during 2017 and 2016, respectively.

On December 18, 2017, the Company received ordinary cash dividends from MGPC, MGEN, and EFAC of $41,000,000, $3,000,000, and $38,000,000, respectively. On December 16, 2016, the Company received an ordinary cash dividend from EFAC of $10,000,000.

The Company paid capital contributions of $10,000,000 and $11,000,000 to its subsidiaries MCAS and MDIR, respectively, in the form of cash on November 9, 2017.

The Company purchases unaffiliated mortgage loans under a master participation agreement, from an affiliate, simultaneous with the affiliate's origination or acquisition of mortgage loans. The aggregate amount of unaffiliated mortgage loan participation interests purchased by the Company from an affiliate during the years ended 2017 and 2016 were $36,618,718 and $0, respectively. In connection with the mortgage loan participations, the affiliate collected mortgage loan principal and interest payments on the Company's behalf and the affiliate remitted such payments to the Company in the amount of $299,440 and $0 during the years ended 2017 and 2016, respectively.

D. The Company had $7,398,079 receivable, of which $2,695,740 was nonadmitted, and $2,257,773 payable with affiliates as of December 31, 2017. The Company did not have any receivables and $5,884,596 payable with affiliates as of December 31, 2016. Amounts receivable and payable are expected to be settled within 90 days.

E. Except as disclosed in Note 14 below, the Company did not have guarantees or undertakings for the benefit of an affiliate that would result in a material contingent exposure of the Company's or any affiliate's assets or liabilities.

F. The Company is a party to service agreements with its affiliates, MLIC, MLSS, MetLife International Holdings, LLC and MLG, which provide for personnel, facilities, and equipment to be made available and for a broad range of services to be rendered. Personnel facilities, equipment and services are requested by the Company as deemed necessary for its business and investment operations. These agreements involve cost allocation arrangements, under which the Company pays for all expenses, direct and indirect, reasonably and equitably determined to be attributable to the services provided.

The Company is also a party to various other service agreements with affiliates.

G. All outstanding shares of common stock of the Company are owned by MetLife. All outstanding shares of preferred stock of the Company are owned by MLCC. Allocated operating expenses are not necessarily indicative of the total cost that would be incurred if the Company operated on a stand alone basis.

H. The Company did not own shares of another upstream or intermediate parent, either directly or indirectly, via a downstream SCA company.

I. The Company had no investment in any applicable SCA company that exceeds 10% of the Company's admitted assets.

J. The Company did not recognize impairment write-downs on any investments in SCA companies.

K. The Company did not have investments in a foreign insurance subsidiary.

L. The Company did not hold investments in a downstream noninsurance holding company.

M. The Company's SCA investments, as of December 31, 2017, were as follows:

12. Retirement Plans, Deferred Compensation, Postemployment Benefits and Compensated Absences and Other Postretirement Benefit Plans

A. Defined Benefit Plan

As of December 31, 2017, the Company did not sponsor a defined benefit plan.

B-D. The Company does not hold any plan assets.

E. Defined Contribution Plans

As of December 31, 2017, the Company did not sponsor a defined contribution plan.

F. Multiemployer Plans

As of December 31, 2017, the Company has made no contributions to any multiemployer plans.

G-H. Consolidated/Holding Company Plans, Postemployment Benefits and Compensated Absences

The stock-based compensation expense recognized by the Company is related to awards under incentive plans of MetLife for which the Company has no legal obligation. The expense related to stock-based compensation is included in expenses allocated by MLG. MLG allocated $5,366,713 and $6,504,922 of stock-based compensation to the Company for the years ended December 31, 2017 and 2016, respectively.

Savings and Investment Plans - MLIC sponsors and administers qualified and non-qualified defined contribution savings and investment plans in which substantially all employees of the Company participate. A portion of employee contributions are matched in accordance with the terms of the respective plans. Under agreement between the Company and MLIC, the Company is responsible to reimburse MLIC for any such matching contributions made on behalf of the employees of the Company. The Company made contributions and recognized a corresponding expense of $7,274,614 and $7,244,007, respectively, related to these plans for the years ending December 31, 2017 and 2016.

Pension Plans - MLIC sponsors and administers a qualified defined benefit pension plan in which all eligible (as defined in the plan) employees and sales representatives of the Company participate. The benefits are determined using a traditional formula or cash balances formula. Under the traditional formula, benefits are calculated using years of credited service and either final average or career average earnings. The cash balance formula utilizes hypothetical or notional accounts to which participants are credited with benefits equal to a percentage of eligible pay as well as interest credits.

Under agreement with MLIC, the Company is allocated expenses equal to the actuarially determined net periodic benefit cost accrued with respect to its employees. The Company's allocated expense with respect to the qualified defined benefit pension plan was $26,494,673 and $22,926,265 for the years ended December 31, 2017 and 2016, respectively.

The Company reimburses MLIC for any required or discretionary contributions made to the qualified pension plan, determined as an amount equal to the pro-rata portion of the obligation accrued on behalf of the employees of the Company to the total benefit obligation of the plan. During the years ending December 31, 2017 and 2016, the Company's reimbursement to MLIC was $0.

MLIC also sponsors and administers a non-qualified defined benefit pension plan that provides benefits, in excess of amounts permitted by government agencies, to certain executive level employees of the Company on substantially the same terms as those of the qualified plan. The Company's allocated expense, equal to the actuarially determined net periodic benefit costs with respect to its employees, for the non-qualified defined benefit pension plan was $5,334,542 and $1,666,680 for the years ended December 31, 2017 and 2016, respectively.

Postemployment and Other Postretirement Benefit Plans - Employees and retirees who meet age and service criteria while working for the Company may become eligible for postemployment and other postretirement medical and life benefits, at various levels, in accordance with the applicable plans. These postemployment and other postretirement benefit plans are also sponsored and administered by MLIC. The Company's allocated expense, equal to the actuarially determined net periodic benefit cost with respect to its employees, for the postemployment and other postretirement plans was $641,447 and $8,640,087 for the years ended December 31, 2017 and 2016, respectively.

I. Impact of Medicare Modernization Act on Postretirement Benefits

As of December 31, 2017, the Company had not been impacted by the Medicare Modernization Act.

NOTES TO THE FINANCIAL STATEMENTS

13. Capital and Surplus, Shareholder's Dividend Restrictions and Quasi Reorganizations

(1) The Company's capital is comprised of both common and preferred stock. The Company has 1,000 shares of common stock authorized, of which 1,000 shares are issued and outstanding, with a $3,000 per share par value. The Company has 315,000 shares authorized of preferred stock, of which 315,000 shares are issued and outstanding, with a $1,000 per share par value.

(2) The Company's issued and outstanding preferred stock is all Series C Adjustable Rate Preferred Stock that shall be redeemed on or before the December 8, 2036. Preferred dividends are payable quarterly in arrears beginning February 15 at the Applicable Rate which will be recalculated on the first business day after each quarterly dividend payment date based on the product of (1 - the highest federal income tax rate for corporations applicable during such dividend period) times (the AA Composite Commercial Paper (Financial) Rate + 180 basis points).

(3) Under Rhode Island State Insurance Law, the Company is permitted, without prior insurance regulatory clearance, to pay a stockholder dividend to its stockholders as long as the aggregate amount of all such dividends in any twelve-month period does not exceed the lesser of (i) 10% of its surplus to policyholders as of the immediately preceding calendar year; or (ii) the next preceding two calendar years net income reduced by capital gains and dividends paid to shareholders. The Company will be permitted to pay a stockholder dividend to its stockholders in excess of the lesser of such two amounts only if it files notice of its intention to declare such a dividend and the amount thereof with the Rhode Island Superintendent of Insurance ("Superintendent") and the Superintendent does not disapprove the distribution within 30 days of its filing. Under Rhode Island State Insurance Law, the Superintendent has broad discretion in determining whether the financial condition of a stock property and casualty insurance company would support the payment of such dividends to its shareholders. The maximum amount of the dividend which the Company may pay to its stockholders in 2018 without prior regulatory approval is $125,900,894 for dividends with a scheduled date of payment subsequent to December 18, 2018. Any common or preferred stock dividend payment prior to December 18, 2018 will require prior regulatory clearance.

(4) The Company paid an extraordinary dividend to MetLife of $185,000,000 in the form of cash on December 18, 2017. The Company paid an ordinary dividend to MetLife of $228,000,000 in the form of cash on December 19, 2016.

The Company paid extraordinary preferred stock dividends to MLCC of $5,724,696 and $4,834,489 during 2017 and 2016, respectively.

(5) Within the limitation of (3) above, there are no restrictions placed on the portion of the Company profits that may be paid as ordinary dividends to stockholders.

(6) There were no restrictions on unassigned funds (surplus).

(7) There were no advances on surplus.

(8) The Company did not hold any of its own stock or SCA companies for special purposes.

(9) There were no changes in the balance of special surplus funds from the prior year.

(10) The portion of unassigned funds (surplus) represented by cumulative unrealized gains (losses) was $203,328,332 at December 31, 2017.

(11) The Company did not issue any surplus debentures or similar obligations.

(12) There were no restatements due to prior quasi reorganizations.

(13) There have been no quasi reorganizations in the prior 10 years.

14. Liabilities, Contingencies and Assessments

A. Contingent Commitments

(1) The Company makes commitments to fund partnership investments in the normal course of business. The amount of these unfunded commitments is $102,835,679 at December 31, 2017.

(2) At December 31, 2017, the Company was obligor under the following guarantees, indemnities and support obligations:

(1) Nature and circumstances of guarantee and key attributes, including date and duration of agreement	(2) Liability recognition of guarantee. (Include amount recognized at inception. If no initial recognition, document exception allowed under SSAP 5R.)(1)	(3) Ultimate financial statement impact if action under the guarantee is required.	(4) Maximum potential amount of future payments (undiscounted) the guarantor could be required to make under the guarantee. If unable to develop an estimate, this should be specifically noted.	(5) Current status of payment or performance risk of guarantee. Also provide additional discussion as warranted.
The Company has provided certain indemnities to affiliates and third parties in the ordinary course of its business. In the context of acquisitions, dispositions, distribution agreements, vendor agreements and other transactions, the Company has provided indemnities that are triggered by, among other things, breaches of representations, warranties or covenants provided by the Company.	No liability has been established as the indemnification is for future events for which neither a probability of occurrence nor a reasonable estimate can be established at this time.	Expense	Since this obligation is not subject to limitations, the Company does not believe that it is possible to determine the maximum potential amount that could become due under these indemnities in the future.	The Company has made no payments on the indemnities.
The Company is obligated to indemnify non-employee directors and officers as provided in its by-laws.	No liability has been established as the indemnification is for future events for which neither a probability of occurrence nor a reasonable estimate can be established at this time.	Expense	Since this obligation is not subject to limitations, the Company does not believe that it is possible to determine the maximum potential amount that could become due under these indemnities in the future.	The Company has made no payments on the indemnity.

(3) At December 31, 2017, the Company’s aggregate compilation of guarantee obligations was $0.

B. Assessments

(1) On October 3, 2001, the Commonwealth Court of Pennsylvania issued an order placing Reliance Insurance Company (“Reliance”) in liquidation. The order was issued after the Pennsylvania Department of Insurance recommended liquidation of the company, which had been in rehabilitation by the Pennsylvania insurance commissioner since May 29, 2001. Reliance provided property and casualty insurance in all 50 states, the District of Columbia, Puerto Rico, the U.S. Virgin Islands, American Samoa and Guam. As of October 3, 2001, the property and casualty insurance guaranty associations in the states where Reliance was licensed to do business have assumed responsibility for their policies.

As of December 31, 2017, the Company had a $1,478,943 liability for retrospective premium-based guaranty fund assessments and a $2,355,677 asset for the related premium tax offset. As of December 31, 2016, the Company had a $1,478,943 liability for retrospective premium-based guaranty fund assessments and a $1,119,304 asset for the related premium tax offset. The periods over which the guaranty fund assessments are expected to be paid and the related premium tax offsets are expected to be realized are unknown at this time.

The change in the guaranty asset balance summarized below reflects estimated 2017 premium tax offsets used and revised estimated premium tax offsets for accrued liabilities.

(3) The Company did not have any guaranty fund liabilities and assets related to assessments from insolvencies of entities that wrote long-term care contracts during 2017.

C. Gain Contingencies

The Company did not recognize any gain contingencies during 2017 and 2016.

D. Claims Related Extra Contractual Obligations ("ECO") and Bad Faith Losses Stemming From Lawsuits

The Company paid the following amounts in the reporting period to settle claims related ECO or bad faith claims stemming from lawsuits:

F. Joint and Several Liability Arrangements

The Company did not have any joint and several liability arrangements accounted for under SSAP 5R.

G. All Other Contingencies

All of the information in this footnote is being reported on combined basis for the Company and its subsidiaries and affiliates.

In *Chen v Rasoilo*, MGPC anticipates a bad faith suit arising from a $4,150,000 judgment against a policyholder insured by MGPC. The insured is likely to claim that his personal exposure of $3,900,000 was due to MGPC's failure to settle the claim within the $250,000 policy limit. At the trial in July, 2016 the jury awarded Chen approximately $3,350,000 in damages, plus interest and fees. A preliminary opinion from appellate counsel on chances for a successful appeal of the verdict against our policyholder is not encouraging.

In *Beck v Metropolitan Property and Casualty Insurance Company* ("MPC"), an Oregon jury determined that the Company breached the homeowner policy by failing to fully compensate the insured for a property damage claim. As part of the compensation to the insured, the court awarded attorney fees of $1,200,000. The Company is appealing the award.

In *Martin v Miner*, MGPC anticipates a bad faith claim arising from MGPC's alleged failure to timely offer the policy limits to the plaintiff in order to settle his claim against MGPC's insured. MGPC will vigorously defend the underlying claim against its insured and any subsequent bad faith claim.

In *Palmer v Black,* the Company anticipates a bad faith suit arising from its alleged failure to respond to a "time demand" that provided an opportunity to settle the claim against the insured for his policy limits. The Company will vigorously defend the underlying claim against the Company's insured and any subsequent bad faith claim.

In *Tontodonato v MPC*, the plaintiff filed suit for spoliation of evidence, claiming the Company failed to preserve the insured's vehicle in which, as a passenger, he suffered serious injuries due to its alleged defective design. The Company is vigorously defending the suit.

In *McNabb v MPC,* a Washington state court jury award the insureds $9,200,000 for breach of contract and bad faith because the Company failed to timely and properly adjust their homeowner property damage claim. The Company has filed an appeal.

In *Elkins v MCAS*, the plaintiff alleges MCAS committed bad faith by failing to timely and properly respond to their settlement demand. MCAS will vigorously defend the underlying claim against MCAS's insured and any subsequent bad faith claim.

Various litigation claims, and assessments against the Company, in addition to those discussed above and those otherwise provided for in the Company's financial statements, have arisen in the course of the Company's business, including but not limited to, in connection with its activities as an insurer, employer and taxpayer. Further, state insurance regulatory authorities and other federal and state authorities regularly make inquiries and conduct investigations concerning the Company's compliance with applicable insurance and other laws and regulations.

It is not feasible to predict or determine the ultimate outcome of all pending investigations and legal proceedings or provide reasonable ranges of potential losses, except as noted above in connection with specific matters. In some of the matters referred to above, very large and/or indeterminate amounts, including punitive and treble damages, are sought. Although in light of these considerations it is possible that an adverse outcome in certain cases could have a material adverse effect upon the Company's financial position, based on information currently known by the Company's management, in its opinion, the outcomes of such pending investigations and legal proceedings are not likely to have such an effect. However, given the large and/or indeterminate amounts sought in certain of these matters and the inherent unpredictability of litigation, it is possible that an adverse outcome in certain matters could, from time to time, have a material adverse effect on the Company's financial statements.

15. Leases

A. Lessee Operating Leases

(1) Lessee leasing arrangements

The Company has entered into various lease agreements for office space, fleet vehicles, and other equipment. The Company leases office space under various noncancelable operating lease agreements that expire through January 2023. The Company's total rent expense for the year ended December 31, 2017 and 2016 was $12,141,481 and $11,754,180, respectively.

Effective January 1, 2018, the Company's lease agreements for office space will be assigned to a MetLife affiliate, MLSS. The total 2017 annual rent expense and minimum lease obligations through 2023 associated with the assigned lease agreements for office space is $9,113,491 and $4,342,983, respectively.

(2) Leases having initial or remaining noncancelable lease terms in excess of one year

Future minimum gross rental payments having initial or remaining noncancelable lease terms in excess of one year at December 31, 2017 were as follows:

Year Ending December 31,		Future Operating Lease Payments
2018	$	4,149,497
2019		3,421,932
2020		1,936,684
2021		802,779
2022		154,036
Total	$	10,464,928

(3) Sale-leaseback transactions

The Company did not participate in any sale-leaseback transactions during 2017 and 2016.

B. Lessor Leases

(1) Operating leases

The Company did not participate in lessor activities that represented a significant part of business activities in 2017 or 2016.

(2) Leveraged leases

The Company did not participate in leveraged leases during 2017 and 2016.

16. Information about Financial Instruments with Off-Balance Sheet Risk and Financial Instruments with Concentrations of Credit Risk

(1) The Company has no financial instruments (derivatives that are designated as effective hedging instruments) with off-balance sheet credit risk at December 31, 2017 and 2016.

(2) See Note 8 for a description of the nature and terms of the Company's derivatives, including market risks, cash requirements and related accounting policy.

(3) The Company may be exposed to credit-related losses in the event of nonperformance by counterparties to derivatives. Generally, the current credit exposure of the Company's derivatives is limited to the net positive estimated fair value of derivatives at the reporting date after taking into consideration the existence of master netting or similar agreements and any collateral received pursuant to such agreements.

The Company manages its credit risk related to derivatives by entering into transactions with creditworthy counterparties and establishing and monitoring exposure limits. The Company's OTC derivative transactions are governed by International Swaps and Derivatives Association, Inc. ("ISDA") Master Agreements which provide for legally enforceable set-off and close-out netting of exposures to specific counterparties in the event of early termination of a transaction, which includes, but is not limited to, events of default and bankruptcy. In the event of an early termination, the Company is permitted to set-off receivables from the counterparty against payables to the same counterparty arising out of all included transactions. Substantially all of the Company's ISDA Master Agreements also include Credit Support Annex provisions which may require both the pledging and accepting of collateral in connection with its OTC derivatives.

Off-balance sheet credit exposure is the excess of positive estimated fair value over positive book/adjusted carrying value for the Company's highly effective hedges at the reporting date. All collateral received from counterparties to mitigate credit-related losses is deemed worthless for the purpose of calculating the Company's off-balance sheet credit exposure. At December 31, 2017 and 2016, the Company had no off-balance sheet credit exposure on its OTC derivatives.

(4) At December 31, 2017 and 2016, the Company did not receive securities collateral on its OTC derivatives.

17. Sale, Transfer and Servicing of Financial Assets and Extinguishments of Liabilities

A. Transfers of Receivables Reported as Sales

The Company did not have any transfer of receivables reported as sales during 2017 and 2016.

B. Transfer and Servicing of Financial Assets

(1) The Company participates in a securities lending program whereby securities, which are included in invested assets, are loaned to third parties, primarily brokerage firms and commercial banks. The Company accepts collateral of 102% of the fair value of the loaned securities to be separately maintained as collateral for the loans.

Securities with a cost or amortized cost of $59,924,179 and an estimated fair value of $59,800,000 were on loan under the program at December 31, 2017. The Company was liable for cash collateral under its control of $61,400,000 at December 31, 2017.

The Company did not hold any security collateral over which it does not have exclusive control at December 31, 2017.

The Company does not have collateral for securities lending that extends beyond one year from December 31, 2017.

(2-3) The Company did not have any servicing assets or servicing liabilities in 2017 and 2016.

(4) The Company did not have securitizations asset-backed financing arrangements, and similar transfers accounted for as sales where the Company has continued involvement with the transferred financial assets.

(5) The Company did not have transfers of financial assets accounted for as secured borrowing at December 31, 2017.

(6) The Company did not have any transfers of receivables with recourse in 2017 and 2016.

(7) The Company did not have securities underlying dollar repurchase and dollar reverse repurchase agreements at December 31, 2017.

C. Wash Sales

(1) In the course of the Company's asset management, securities are not sold and reacquired within 30 days of the sale date to enhance the Company's yield on its investment portfolio. There may be occasional isolated incidents where wash sales occur.

(2) The Company had no wash sales with an NAIC designation 3 or below or unrated securities during the year ended December 31, 2017.

18. Gain or Loss to the Reporting Entity from Uninsured Plans and the Uninsured Portion of Partially Insured Plans

The Company does not serve as an Administrative Services Only or Administrative Service Contract administrator for any uninsured accident and health plan or uninsured portions of a partially insured plan.

19. Direct Premium Written/Produced by Managing General Agents/Third Party Administrators

Direct premiums written/produced by managing general agents or third party administrators for the year ended December 31, 2017 were $42,825,439.

20. Fair Value Measurement

Transfers between Levels

Overall, transfers between levels occur when there are changes in the observability of inputs and market activity. Transfers into or out of any level are assumed to occur at the beginning of the period.

Transfers into or out of Level 3

Transfers into or out of Level 3 are presented in the table above. Assets and liabilities are transferred into Level 3 when a significant input cannot be corroborated with market observable data. This occurs when market activity decreases significantly and underlying inputs cannot be observed, current prices are not available and/or when there are significant variances in quoted prices, thereby affecting transparency. Assets and liabilities are transferred out of Level 3 when circumstances change such that a significant input can be corroborated with market observable data. This may be due to a significant increase in market activity, a specific event, or one or more significant input(s) becoming observable.

During the year ended December 31, 2017, there were no transfers into or out of Level 3.

(3) Transfers between levels are assumed to occur at the beginning of the period.

(4) Assets and Liabilities Measured and Reported at Estimated Fair Value at Reporting Date

Valuation Techniques and Inputs for Level 2 and Level 3 Assets and Liabilities by Major Classes of Assets and Liabilities:

When developing estimated fair values, the Company considers two broad valuation techniques: (i) the market approach and (ii) the income approach. The Company determines the most appropriate valuation technique to use, given what is being measured and the availability of sufficient inputs, giving priority to observable inputs.

The Company categorizes its financial assets and liabilities into a three-level hierarchy, based on the significant input with the lowest level in their valuation. The input levels are as follows. Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities. The Company defines active markets based on average trading volume for common stock. The size of the bid/ask spread is used as an indicator of market activity for bonds. Level 2 - Quoted prices in markets that are not active or inputs that are observable either directly or indirectly. These inputs can include quoted prices for similar but not identical assets or liabilities other than quoted prices in Level 1, quoted prices in markets that are not active, or other significant inputs that are observable or can be derived principally from or corroborated by observable market data for substantially the full term of the assets or liabilities. Level 3 - Unobservable inputs that are supported by little or no market activity and are significant to the determination of estimated fair value of the assets and liabilities. Unobservable inputs reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

The valuation of most instruments listed below are determined using independent pricing sources, matrix pricing, discounted cash flow methodologies or other similar techniques that use either observable market inputs or unobservable inputs.

(1) Classification of derivatives is based on each derivative's positive (asset) or negative (liability) book/adjusted carrying value, which equals the net admitted assets and liabilities.

Assets and Liabilities

The methods and significant assumptions used to estimate the fair value of all financial instruments are presented below.

The Company defines fair value as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. In most cases, the exit price and the transaction (or entry) price will be the same at initial recognition.

Excluded from the disclosure are general account investments accounted for under the equity method.

Bonds, Stocks, Cash, Cash Equivalents and Short-term Investments

When available, the estimated fair value for bonds, including loan-backed securities, unaffiliated preferred stocks, unaffiliated common stocks, cash equivalents and short-term investments are based on quoted prices in active markets that are readily and regularly obtainable. Generally, these investments are classified in Level 1, are the most liquid of the Company's securities holdings and valuation of these securities does not involve management's judgment.

When quoted prices in active markets are not available, the determination of estimated fair value is based on market standard valuation methodologies, giving priority to observable inputs. The significant inputs to the market standard valuation methodologies for certain types of securities with reasonable levels of price transparency are inputs that are observable in the market or can be derived principally from or corroborated by observable market data. Generally, these investments are classified in Level 2.

When observable inputs are not available, the market standard valuation methodologies rely on inputs that are significant to the estimated fair value that are not observable in the market or cannot be derived principally from or corroborated by observable market data. These unobservable inputs can be based in large part on management's judgment or estimation, and cannot be supported by reference to market activity. Even though these inputs are unobservable, management believes they are consistent with what other market participants would use when pricing such securities and are considered appropriate given the circumstances. Generally, these investments are classified in Level 3.

The use of different methodologies, assumptions and inputs may have a material effect on the estimated fair values of the Company's securities holdings.

The estimated fair value for cash approximates carrying value and is classified as Level 1 given the nature of cash.

Mortgage Loans

For mortgage loans, estimated fair value is primarily determined by estimating expected future cash flows and discounting them using current interest rates for similar mortgage loans with similar credit risk, or is determined from pricing for similar mortgage loans. The estimated fair values for impaired mortgage loans are principally obtained by estimating the fair value of the underlying collateral using market standard appraisal and valuation methods. Mortgage loans valued using significant unobservable inputs are classified in Level 3.

Derivatives

The estimated fair value of OTC derivatives is determined through the use of pricing models. The determination of estimated fair value, when quoted market values are not available, is based on market standard valuation methodologies and inputs that management believes are consistent with what other market participants would use when pricing such instruments. The significant inputs to the pricing models for most OTC derivatives are inputs that are observable in the market or can be derived principally from, or corroborated by, observable market data. Significant inputs that are observable generally include interest rates, foreign currency exchange rates, interest rate curves, credit curves and volatility. Derivative valuations can be affected by changes in interest rates, foreign currency exchange rates, financial indices, credit spreads, default risk, nonperformance risk, volatility, liquidity and changes in estimates and assumptions used in pricing models.

Generally, these derivatives are classified in Level 2.

Most inputs for OTC derivatives are mid-market inputs but, in certain cases, liquidity adjustments are used when they are deemed more representative of exit value. Market liquidity, as well as the use of different methodologies, assumptions and inputs may have a material effect on the estimated fair values of the Company's derivatives and could materially affect the net change in capital and surplus.

Investment Income Due and Accrued

Due to the short-term nature of investment income due and accrued, the Company believes there is minimal risk of material changes in interest rates or the credit of the issuer such that estimated fair value approximates carrying value. These amounts are generally classified as Level 2.

Deposits in Connection with Investments

The estimated fair value of deposits in connection with investments approximates carrying value. The deposit account, classified within Level 2, essentially represents the equivalent of demand deposit balances and is generally received over a short period.

Borrowed Money (Including Interest Thereon)

The estimated fair value for borrowed money (including interest thereon) approximates carrying value due to the short-term maturities of these instruments. These amounts are generally classified in Level 2.

Cash Collateral Received on Derivatives

The estimated fair value of cash collateral received on derivatives approximates carrying value as these obligations are short-term in nature. These amounts are generally classified in Level 2.

D. At December 31, 2017, the Company had no investments where it was not practicable to estimate fair value.

21. Other Items

A. Unusual or Infrequent Items

The Company did not have any unusual or infrequent items during 2017 and 2016.

B. Troubled Debt Restructuring

The Company did not have troubled debt restructuring during 2017 and 2016.

C. Other Disclosures

(1) Rounding and Truncating - Truncating has generally been used in the investment schedules and rounding (including forced rounding to add to relevant totals) has been used elsewhere in this statement.

The amounts in this statement pertain to the entire Company's business.

(2) The Company contributed $5,000 to the political action committee MetLife Political Participation Fund B as of December 31, 2017.

(3) Supplement to Interrogatory No. 18: As part of a MetLife enterprise-wide Code of Conduct Certification, the Chief Compliance Officer is designated with the responsibility to oversee such disclosures. Following that review, a summary report is sent to the Chairman of the Board of Directors of MetLife.

D. Business Interruption Insurance Recoveries

The Company did not have any business interruption insurance recoveries during 2017 and 2016.

E. State Transferable and Non-transferable Tax Credits

The Company did not have any state transferable and non-transferable tax credits during 2017 and 2016.

F. Subprime Mortgage Related Risk Exposure

(1) While there is no market standard definition, the Company defines subprime mortgage lending as the origination of residential mortgage loans to borrowers with weak credit profiles. The Company's exposure to subprime mortgage loans exists through investments in subprime RMBS. The majority of the Company's subprime RMBS exposure is the result of purchases in the current year. The subprime RMBS portfolio is performing within expectations and is in an unrealized gain position. The Company continues to closely monitor the performance of the subprime RMBS portfolio and the credit quality of the underlying assets.

(2) The Company had no direct exposure through investments in subprime mortgage loans during 2017 and 2016.

(3) At December 31, 2017, the Company had direct exposure to subprime mortgage risk through other investments as follows:

	Actual Cost	BACV (excluding interest)	Fair Value	OTTI Losses Recognized
RMBS	$ 7,413,103	$ 7,409,524	$ 7,434,456	$ —

Other assets	—	—	—	—
Total	$ 7,413,103	$ 7,409,524	$ 7,434,456	$ —

(4) The Company had no underwriting exposure to subprime mortgage risk through mortgage guaranty or financial guaranty insurance coverage during 2017 and 2016.

G. Insurance-Linked Securities Contracts

The Company did not engage in any transactions involving insurance-linked securities during 2017 and 2016.

22. Events Subsequent

The Company executed issuances of FHLB advances of $225,000,000 subsequent to December 31, 2017.

The Company has evaluated events subsequent to December 31, 2017 through February 23, 2018, which is the date these financial statements were available to be issued, and other than the above item, has determined there are no material subsequent events requiring adjustment to or disclosure in the financial statements.

The Company is not subject to the annual fee imposed under section 9010 of the Affordable Care Act.

23. Reinsurance

A. Unsecured Reinsurance Recoverables

The Company does not have unsecured aggregate recoverable losses, paid and unpaid including IBNR, loss adjustment expenses and unearned premiums with any individual reinsurers, authorized or unauthorized, that exceeds 3% of the Company's policyholder surplus.

The Company has significant unsecured aggregate recoverables with the federal government and mandatory state pools and associations in the amount of $59,455,296, $14,709,123, and $12,133,840 with Michigan Catastrophic Claims Association ("MCCA", Federal ID AA-9991159), National Flood Insurance Program ("NFIP", Federal ID AA-9992201), and North Carolina Reinsurance Facility ("NCRF", Federal ID AA-9991139), respectively.

The MCCA, a private non-profit unincorporated association, was created by the state Legislature in 1978. Michigan's unique auto insurance no-fault law provides unlimited lifetime coverage for medical expenses which result from auto accidents. The MCCA reimburses auto no-fault insurance companies for each Personal Injury Protection medical claim paid in excess of a set amount. Currently that amount is $545,000. This means that the insurance company pays the entire claim, but is reimbursed by the MCCA for medical costs over $545,000. All auto insurance companies operating in Michigan are required to participate and are assessed to cover the catastrophic medical claims occurring in Michigan. Those assessments are generally passed on to auto insurance policyholders.

The unsecured aggregate recoverable for the NFIP is part of the Write Your Own ("WYO") Program which began in 1983 and is a cooperative undertaking of the insurance industry and FEMA. The WYO Program allows participating property and casualty insurance companies to write and service the Standard Flood Insurance Policy in their own names. The companies receive an expense allowance for policies written and claims processed while the Federal Government retains responsibility for underwriting losses. The WYO Program operates as part of the NFIP, and is subject to its rules and regulations.

NCRF is a mandatory risk pool in which all direct writers of automobile coverage in the state require participation. The underlying security of this pool is backed by every insurance company, which writes automobile insurance. In the worst case scenario, if a company that participates becomes insolvent, that company's share of the pool losses would be distributed on a pro rata basis to the remaining writers in the state. The Company has participated in mandatory reinsurance facilities over a substantial number of years and has never experienced a reinsurance write-off.

B. Reinsurance Recoverable in Dispute

The Company has no reinsurance recoverable in dispute during 2017 and 2016.

D. Uncollectible Reinsurance

The Company did not write off any uncollectible reinsurance during 2017 and 2016.

E. Commutation of Ceded Reinsurance

The Company did not commute any ceded reinsurance during 2017 and 2016.

F. Retroactive Reinsurance

The Company did not have any retroactive reinsurance during 2017 and 2016.

G. Reinsurance Accounted for as a Deposit

The Company did not have any reinsurance accounted for as a deposit during 2017 and 2016.

H. Transfer of Property and Casualty Run-off Agreements

The Company did not transfer any property and casualty run-off agreements during 2017 and 2016.

I. Certified Reinsurer Rating Downgraded or Status Subject to Revocation

The Company did not have any certified reinsurer's rating downgraded or status subject to revocation during 2017.

J. Reinsurance Agreements Qualifying for Reinsurer Aggregation

The Company did not have any reinsurance agreements qualifying for reinsurer aggregation during 2017.

24. Retrospectively Rated Contracts & Contracts Subject to Redetermination

The Company had no retrospectively rated contracts nor contracts subject to redetermination as of December 31, 2017. In addition, the Company has no paid or payable medical loss ratio rebates and is not subject to the risk sharing provision of the ACA.

25. Change in Incurred Losses and Loss Adjustment Expenses

A. Incurred losses and loss adjustment expenses attributable to insured events of prior years have decreased by $736,000,000 from $1,549,000,000 in 2016 to $813,000,000 in 2017. The prior year reserves have decreased principally for the private passenger auto liability, homeowners and umbrella lines of insurance. The ultimate losses and loss adjustment expenses for the prior years have also decreased for most lines, but to a lesser extent. This is shown in Schedule P. The Company has no retrospectively rated policies.

B. In 2017, the Company had no significant change in methodologies or assumptions when the Company calculated the liability for unpaid losses and loss adjustment expenses.

26. Intercompany Pooling Arrangements

The Company did not participate in any intercompany pooling arrangements during 2017 and 2016.

Restated Quota Share Reinsurance Treaty

Effective January 1, 2001, the Company entered into a 100% Restated Quota Share Reinsurance Agreement with its subsidiary companies, MCCAS, NAIC #40169, MGEN, NAIC #39950, MDIR, NAIC #25321, MGPC, NAIC #34339, MLICT, NAIC #13938, and EFAC, NAIC #22926.

The Restated Quota Share Reinsurance Treaty provides that the subsidiary companies obligate themselves to cede, and the Company obligates itself to accept, a 100% interest in each of the subsidiaries' gross net liabilities and its premiums, losses, expenses, payment fees, dividends and direct agents balance.

In addition, the Restated Quota Share Reinsurance Agreement provides that EFAC's subsidiary companies, EPIC, NAIC #38067 and EPAC, NAIC #40649 are obligated to cede, and EFAC obligates itself to accept, a 100% interest in each of the subsidiaries' gross net liabilities and its premiums, losses, expenses, payment fees, dividends and direct agents balance.

All lines of business are subject to the reinsurance, except for the run-off of a book of reinsurance business transacted through the arrangement between TIG Insurance Company ("TIG"), successor by merger to Clearwater Insurance Company, formerly known as Odyssey Reinsurance Corporation and Skandia America Reinsurance Corporation) and MGPC.

The Company is the lead company, and it makes cessions to non-affiliated reinsurers subsequent to the cession of business from the affiliated members to the lead company, except for business transacted through the arrangement between TIG and MGPC.

Cessions to non-affiliated reinsurers of business subject to the reinsurance agreement are as follows:

Property Catastrophe Excess of Loss	All Property Business including but not limited to Homeowners, Dwelling Fire, Inland Marine, Small Commercial Property, and Personal and Small Commercial Automobile Physical Damage
Casualty Excess of Loss	Personal Liability including Automobile, Homeowners and Personal Umbrella Liability; Small Commercial Liability including Automobile and Business Owners Liability
Property Per Risk	Business classified by the Company as Personal Property and Small Commercial Property
Mandatory Pools	Business transacted through Massachusetts, New Hampshire, North Carolina and South Carolina Automobile Facilities, various Mine Subsidence programs, Michigan Catastrophic Claims Association and Florida Hurricane Catastrophe Fund

All members are party to reinsurance agreements with non-affiliated reinsurers covering business subject to the restated quota share reinsurance agreement. All members have a contractual right of direct recovery from the non-affiliated reinsurer.

There are no discrepancies between entries regarding reinsurance business on the assumed and ceded reinsurance schedules of the lead company and corresponding entries on the assumed and ceded reinsurance schedules of other quota share participants.

The Company, as the lead company, discloses all reinsurance related to non-affiliated companies of reinsurance business and therefore, discloses the entire Provision for Reinsurance, Schedule F Part 5.

27. Structured Settlements

A. The Company has purchased annuities with the claimant as payee for which the Company has a contingent liability. The Company eliminated its loss reserves for these claims at the time the annuities were purchased. A contingent liability exists to the extent that the issuers of the annuity contracts become unable to fulfill their contractual obligations. The present value of all annuity contracts still in force at December 31, 2017 was $168,109,817. If the Company became responsible for any payments under these annuities, such payments could possibly be reduced by reinsurance recoverables.

Loss Reserves Eliminated by Annuities	Unrecorded Loss Contingencies
$ 168,109,817	$ —

B. The aggregate value of annuities due from any life insurer for which the Company has not obtained a release of liability from the claimant as a result of the purchase of an annuity does not equal or exceed 1% of policyholders' surplus.

28. Health Care Receivables

The Company had no health care receivables during the years 2017, 2016 and 2015.

30.4 Describe the sources or methods utilized in determining the fair values:

Per Part 5, Section 1 of the Purposes and Procedures Manual of the NAIC Investment Analysis Office, Insurance companies can elect to not use prices provided by the NAIC. They can select any of 5 price sources, as defined in this section, and identify them in their appropriate schedule. MetLife and its affiliate insurance companies have chosen to not use market prices obtained from the NAIC. First an external quoted price is sought. In cases where an external quoted price is not available, the fair value is internally estimated using present value or valuation techniques. Factors considered in estimating fair value include: coupon rate, maturity, estimated duration, call provisions, sinking fund requirements, credit rating, industry sector and issuer curves, as well as quoted market prices of comparable securities.

31.1 Was the rate used to calculate fair value determined by a broker or custodian for any of the securities in Schedule D? Yes [ ] No [X]

31.2 If the answer to 31.1 is yes, does the reporting entity have a copy of the broker's or custodian's pricing policy (hard copy or electronic copy) for all brokers or custodians used as a pricing source? Yes [ ] No [ ]

31.3 If the answer to 31.2 is no, describe the reporting entity's process for determining a reliable pricing source for purposes of disclosure of fair value for Schedule D:

32.1 Have all the filing requirements of the *Purposes and Procedures Manual of the NAIC Investment Analysis Office* been followed? Yes [ ] No [X]

32.2 If no, list exceptions:

As of December 31,2017, two issues did not meet the filing requirements of the Purposes and Procedures Manual of the NAIC Investment Analysis Office. These issues have not been filed due to lack of final documents.

33. By self-designating 5*GI securities, the reporting entity is certifying the following elements for each self-designation 5*GI security:

a. Documentation necessary to permit a full credit analysis of the security does not exist.
b. Issuer or obligor is current on all contracted interest and principal payments.
c. The insurer has an actual expectation of ultimate payment of all contracted interest and principal.

Has the reporting entity self-designated 5*GI securities? Yes [X] No [ ]

6.1 What provision has this reporting entity made to protect itself from an excessive loss in the event of a catastrophe under a workers' compensation contract issued without limit of loss?
Not Applicable

6.2 Describe the method used to estimate this reporting entity's probable maximum insurance loss, and identify the type of insured exposures comprising that probable maximum loss, the locations of concentrations of those exposures and the external resources (such as consulting firms or computer software models), if any, used in the estimation process:
The Company's evaluation of the hurricane peril (property business only) is based on EQECAT, Risk Management Solutions (RMS) and Applied Insurance Research (AIR) computer models. The Company's evaluation of the earthquake peril (property business only) is based on the EQECAT and RMS computer models. The Company's largest Probable Maximum Loss would result from a hurricane in the Northeast region of the United States.

6.3 What provision has this reporting entity made (such as catastrophic reinsurance program) to protect itself from an excessive loss arising from the types and concentrations of insured exposures comprising its probable maximum property insurance loss?
The Company is protected from this loss through the purchase of the Property Catastrophe Excess of Loss reinsurance treaties.

6.4 Does the reporting entity carry catastrophe reinsurance protection for at least one reinstatement, in an amount sufficient to cover its estimated probable maximum loss attributable to a single loss event or occurrence? Yes [X] No [ ]

6.5 If no, describe any arrangements or mechanisms employed by the reporting entity to supplement its catastrophe reinsurance program or to hedge its exposure to unreinsured catastrophic loss:

GENERAL INTERROGATORIES

PART 2 – PROPERTY & CASUALTY INTERROGATORIES

7.1 Has the reporting entity reinsured any risk with any other entity under a quota share reinsurance contract that includes a provision that would limit the reinsurer's losses below the stated quota share percentage (e.g., a deductible, a loss ratio corridor, a loss cap, an aggregate limit or any similar provisions)? Yes [X] No [ ]

7.2 If yes, indicate the number of reinsurance contracts containing such provisions. 0

7.3 If yes, does the amount of reinsurance credit taken reflect the reduction in quota share coverage caused by any applicable limiting provision(s)? Yes [X] No [ ]

8.1 Has this reporting entity reinsured any risk with any other entity and agreed to release such entity from liability, in whole or in part, from any loss that may occur on this risk, or portion thereof, reinsured? Yes [ ] No [X]

8.2 If yes, give full information

9.1 Has the reporting entity ceded any risk under any reinsurance contract (or under multiple contracts with the same reinsurer or its affiliates) for which during the period covered by the statement: (i) it recorded a positive or negative underwriting result greater than 5% of prior year-end surplus as regards policyholders or it reported calendar year written premium ceded or year-end loss and loss expense reserves ceded greater than 5% of prior year-end surplus as regards policyholders; (ii) it accounted for that contract as reinsurance and not as a deposit; and (iii) the contract(s) contain one or more of the following features or other features that would have similar results:

(a) A contract term longer than two years and the contract is noncancellable by the reporting entity during the contract term;

(b) A limited or conditional cancellation provision under which cancellation triggers an obligation by the reporting entity, or an affiliate of the reporting entity, to enter into a new reinsurance contract with the reinsurer, or an affiliate of the reinsurer;

(c) Aggregate stop loss reinsurance coverage;

(d) A unilateral right by either party (or both parties) to commute the reinsurance contract, whether conditional or not, except for such provisions which are only triggered by a decline in the credit status of the other party;

(e) A provision permitting reporting of losses, or payment of losses, less frequently than on a quarterly basis (unless there is no activity during the period); or

(f) Payment schedule, accumulating retentions from multiple years or any features inherently designed to delay timing of the reimbursement to the ceding entity? Yes [ ] No [X]

9.2 Has the reporting entity during the period covered by the statement ceded any risk under any reinsurance contract (or under multiple contracts with the same reinsurer or its affiliates), for which, during the period covered by the statement, it recorded a positive or negative underwriting result greater than 5% of prior year-end surplus as regards policyholders or it reported calendar year written premium ceded or year-end loss and loss expense reserves ceded greater than 5% of prior year-end surplus as regards policyholders; excluding cessions to approved pooling arrangements or to captive insurance companies that are directly or indirectly controlling, controlled by, or under common control with (i) one or more unaffiliated policyholders of the reporting entity, or (ii) an association of which one or more unaffiliated policyholders of the reporting entity is a member where:

(a) The written premium ceded to the reinsurer by the reporting entity or its affiliates represents fifty percent (50%) or more of the entire direct and assumed premium written by the reinsurer based on its most recently available financial statement; or

(b) Twenty-five percent (25%) or more of the written premium ceded to the reinsurer has been retroceded back to the reporting entity or its affiliates in a separate reinsurance contract. Yes [ ] No [X]

9.3 If yes to 9.1 or 9.2, please provide the following information in the Reinsurance Summary Supplemental Filing for General Interrogatory 9:

(a) The aggregate financial statement impact gross of all such ceded reinsurance contracts on the balance sheet and statement of income;

(b) A summary of the reinsurance contract terms and indicate whether it applies to the contracts meeting the criteria in 9.1 or 9.2; and

(c) A brief discussion of management's principle objectives in entering into the reinsurance contract including the economic purpose to be achieved.

9.4 Except for transactions meeting the requirements of paragraph 31 of *SSAP No. 62R, Property and Casualty Reinsurance*, has the reporting entity ceded any risk under any reinsurance contract (or multiple contracts with the same reinsurer or its affiliates) during the period covered by the financial statement, and either:

(a) Accounted for that contract as reinsurance (either prospective or retroactive) under statutory accounting principles ("SAP") and as a deposit under generally accepted accounting principles ("GAAP"); or

(b) Accounted for that contract as reinsurance under GAAP and as a deposit under SAP? Yes [ ] No [X]

9.5 If yes to 9.4, explain in the Reinsurance Summary Supplemental Filing for General Interrogatory 9 (Section D) why the contract(s) is treated differently for GAAP and SAP.

9.6 The reporting entity is exempt from the Reinsurance Attestation Supplement under one or more of the following criteria:

(a) The entity does not utilize reinsurance; or, Yes [ ] No [X]

(b) The entity only engages in a 100% quota share contract with an affiliate and the affiliated or lead company has filed an attestation supplement; or Yes [ ] No [X]

(c) The entity has no external cessions and only participates in an intercompany pool and the affiliated or lead company has filed an attestation supplement. Yes [ ] No [X]

10. If the reporting entity has assumed risks from another entity, there should be charged on account of such reinsurances a reserve equal to that which the original entity would have been required to charge had it retained the risks. Has this been done? Yes [X] No [ ] N/A [ ]

11.1 Has the reporting entity guaranteed policies issued by any other entity and now in force? Yes [ ] No [X]

11.2 If yes, give full information

12.2 Of the amount on Line 15.3, Page 2, state the amount that is secured by letters of credit, collateral and other funds? $ 0

12.3 If the reporting entity underwrites commercial insurance risks, such as workers' compensation, are premium notes or promissory notes accepted from its insureds covering unpaid premiums and/or unpaid losses? Yes [ ] No [X] N/A [ ]

12.4 If yes, provide the range of interest rates charged under such notes during the period covered by this statement:

12.41 From 0.0%

12.42 To 0.0%

12.5 Are letters of credit or collateral and other funds received from insureds being utilized by the reporting entity to secure premium notes or promissory notes taken by a reporting entity, or to secure any of the reporting entity's reported direct unpaid loss reserves, including unpaid losses under loss deductible features of commercial policies? Yes [ ] No [X]

12.6 If yes, state the amount thereof at December 31 of current year:

12.61 Letters of Credit $ 0

12.62 Collateral and other funds $ 0

13.1 Largest net aggregate amount insured in any one risk (excluding workers' compensation): $ 10,794,000

GENERAL INTERROGATORIES

PART 2 – PROPERTY & CASUALTY INTERROGATORIES

13.2 Does any reinsurance contract considered in the calculation of this amount include an aggregate limit of recovery without also including a reinstatement provision? Yes [ ] No [X]

13.3 State the number of reinsurance contracts (excluding individual facultative risk certificates, but including facultative programs, automatic facilities or facultative obligatory contracts) considered in the calculation of the amount. 2

14.1 Is the reporting entity a cedant in a multiple cedant reinsurance contract? Yes [ ] No [X]

14.2 If yes, please describe the method of allocating and recording reinsurance among the cedants:

14.3 If the answer to 14.1 is yes, are the methods described in item 14.2 entirely contained in the respective multiple cedant reinsurance contracts? Yes [ ] No [ ]

14.4 If the answer to 14.3 is no, are all the methods described in 14.2 entirely contained in written agreements? Yes [ ] No [ ]

14.5 If the answer to 14.4 is no, please explain:

5 On August 4, 2017, MetLife, Inc. ("MET") distributed approximately 80.8% of the shares of Brighthouse Financial, Inc.'s ("BHF") common stock to MET's common shareholders. As a result, MET's ownership of the BHF shares of common stock decreased to approximately 19.2%. MET granted BHF an irrevocable proxy to vote all of its remaining shares of BHF's common stock in proportion to the votes of BHF's other common shareholders. Consequently MET does not have any voting power over any BHF shares that it still owns. Nevertheless, for the BHF subsidiary insurance companies domiciled in Delaware and New York (Brighthouse Life Insurance Company and Brighthouse Life Insurance Company of NY, respectively) BHF and its affiliates (including these insurance companies) are deemed to be affiliates of MET by their domiciliary state insurance regulators. Accordingly, BHF and its affiliates continue to appear on the MET organizational chart.
