NOTES TO FINANCIAL STATEMENTS

Note 1 – Summary of Significant Accounting Policies and Going Concern

A. Accounting Practices

The accompanying financial statements of the Amica Property and Casualty Insurance Company (the Company) have been prepared on the basis of accounting practices prescribed or permitted by the state of Rhode Island.

The state of Rhode Island requires insurance companies domiciled in the state of Rhode Island to prepare their statutory financial statements in accordance with the National Association of Insurance Commissioners' (NAIC) *Accounting Practices and Procedures Manual* subject to any deviations prescribed or permitted by the state of Rhode Island Department of Business Regulation Insurance Division. The Company has no state prescribed adjustments to report; however, the Company does have the state permitted practice as detailed below.

Effective June 2020, the Rhode Island Department of Business Regulation Insurance Division approved a permitted accounting practice to classify COVID-19 relief funds as other underwriting expenses. This treatment contrasts that of *INT 20-08: COVID-19 Premium Refunds, Limited-Time Exception, Rate Reductions and Policyholder Dividends*, which mandates such relief funds be treated as reductions to premium, with a limited-time exception for treatment as other underwriting expense under specific conditions, for which the Amica Property and Casualty Company does not qualify.

In the second quarter of 2020, the Company announced its intention to return a portion of its profits to policyholders through its COVID-19 Financial Relief Program. The expected total disbursements under this program have been recorded as a charge to other underwriting expenses totaling \$4.1 million, with \$0.2 million remaining to be credited to policyholder premium installments in the beginning of 2021. See Note 21A for additional program details.

A reconciliation of the Company's net income and capital and surplus between NAIC statutory accounting practices (NAIC SAP) and practices prescribed and permitted by the state of Rhode Island as of December 31, 2020 and December 31, 2019 is shown below:

	SSAP #	F/S Page	F/S Line #	2020	2019

(4) NAIC SAP (1 – 2 – 3 = 4)	XXX	XXX	XXX	\$1,150,770	\$2,396,824
Surplus					
(5) Company state basis (Page 3, Line 37, Columns 1 & 2)	XXX	XXX	XXX	\$81,430,287	\$83,102,839
(6) State Prescribed Practices that are an increase/(decrease) from NAIC SAP				0	0
(7) State Permitted Practices that are an increase/(decrease) from NAIC SAP				(2,569,217)	0
(8) NAIC SAP (5 – 6 – 7 = 8)	XXX	XXX	XXX	\$83,999,504	\$83,102,839

INT 20-08: COVID-19 Premium Refunds, Limited-Time Exception, Rate Reductions and Policyholder Dividends necessitates entities to identify the impact of not reporting relief amounts as a return of premium on various ratios included in the Five-Year Historical Data Exhibit of the Annual Statement. The following illustrates the impact of the permitted practice by disclosing the ratios as reported and as per NAIC SAP:

	As Reported	NAIC SAP
Key Operating Ratios		
Premiums earned	0.0	0.0
Losses incurred	N/A	N/A
Loss expenses incurred	N/A	N/A
Losses and loss expenses incurred to premiums earned	N/A	N/A
Other underwriting expenses incurred	N/A	N/A
Net underwriting gain (loss)	N/A	N/A
Other underwriting expenses to net premiums written	N/A	N/A
Net premiums written to policyholder's surplus	0.0	0.0

The operations of the Company are significantly impacted by the quota share reinsurance agreement between the Company and its parent, Amica Mutual Insurance Company, under which the Company cedes 100% of its premiums, losses and loss adjustment expenses to its parent. See Note 21A for additional information.

No regulatory action or risk-based capital event would be triggered under NAIC SAP or permitted practice accounting.

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses. It also requires estimates in the disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

C. Accounting Policies

Premiums are earned over the terms of the related policies and reinsurance contracts. Unearned premiums are established to cover the unexpired portion of premiums written. Such reserves are computed by pro rata methods for direct business. Expenses incurred in connection with acquiring new insurance business, including acquisition costs, are charged to operations as incurred. Expenses incurred are reduced for ceding allowances received or receivable.

NOTES TO FINANCIAL STATEMENTS

In addition, the Company uses the following accounting policies:

1. Short-term investments are stated at cost.
2. Bonds not backed by other loans are stated at amortized value using the scientific method, or fair value as specified by the SVO Manual.
3. The Company does not hold common stock.
4. The Company does not hold preferred stock.
5. First lien mortgage loans on real estate are reported at the unpaid principal of the loan.
6. Loan-backed bonds and structured securities are valued at amortized cost using the retrospective method (or a method which approximates the retrospective method).
7. The Company does not have an interest in any subsidiaries.
8. The Company has no investments in joint ventures, partnerships, and limited liability corporations.
9. The Company does not hold or issue derivative financial instruments.
10. The Company does not anticipate investment income as a factor in premium deficiency calculations.
11. Unpaid losses and loss adjustment expenses will include an amount determined from individual case estimates and loss reports and an amount, based on past experience, for losses incurred but not reported. Such liabilities are necessarily based on assumptions and estimates and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liability are continually reviewed and any adjustments are reflected in the period determined.
12. All equipment expenses are allocated to the Company through its cost-sharing agreement with its parent company, Amica Mutual Insurance Company. The capitalization policy includes a prepaid expense threshold of \$500,000, capitalization of qualifying expenses associated with projects in excess of \$500,000, and capitalization of internal labor costs on strategic projects to the extent they qualify. The policy maintains the \$5,000 de minimis limitation on capitalizing individual items for projects under \$500,000.
13. The Company has no pharmaceutical rebate receivables.
14. The Company presents net realized capital gains or (losses) net of capital gains tax on the statement of income.
15. When the commission received under a reinsurance agreement exceeds the anticipated acquisition costs of the business ceded, the Company establishes a liability equal to the difference between the anticipated acquisition costs and the reinsurance commission received.

D. Going Concern

Management's review of relevant conditions and events, considered in the aggregate, indicate that it is probable that the Company will be able to meet its obligations as they become due within one year after the date that the financial statements are issued.

Prepayment assumptions for single-class and multi-class mortgage-backed and asset-backed securities were obtained from broker dealer survey values, nationally recognized data services or internal estimates. In the fourth quarter of 2019 the Company transitioned from HUB Data to ICE Data Services. The Company uses ICE Data Services to update prepayment assumptions quarterly. The Company used ICE Data Services to determine the market value of its loan-backed securities. In 2020, there were no changes from retrospective to prospective methodologies.

4. All impaired securities (fair value is less than amortized cost) for which an other-than-temporary impairment has not been recognized in earnings as a realized loss (including securities with a recognized other-than-temporary impairment for non-interest related declines when a non-recognized interest related impairment remains):

a. The aggregate amount of unrealized losses:

1. Less than 12 Months	\$ 14,799
2. 12 Months or Longer	\$ 16,744

b. The aggregate related fair value of securities with unrealized losses:

1. Less than 12 Months	\$ 2,955,681
2. 12 Months or Longer	\$ 456,516

5. All loan-backed and structured securities in an unrealized loss position were reviewed to determine whether other-than-temporary impairments should be recognized. The Company asserts that it has the intent and ability to hold these securities long enough to allow the cost basis of these securities to be recovered. These conclusions are supported by an analysis of the underlying credit of each security. Unrealized losses are primarily attributable to higher interest rates and modestly wider spread levels. It is possible that the Company could recognize other-than-temporary impairments in the future on some of the securities, if future events, information and the passage of time cause it to conclude that declines in value are other-than-temporary.

Note 21 – Other Items

A. Unusual or Infrequent Items

The Company, along with many other property and casualty auto insurers, benefited from COVID-19 sheltering initiatives in the spring of 2020, which resulted in fewer cars on the roads and fewer auto accidents. Resulting favorable auto loss ratios prompted the Company's announcement to return a portion of recent profits to policyholders to provide financial relief. The Company announced the COVID-19 Financial Relief Program in April 2020 to provide auto policyholders credits on auto premiums for both April and May. The program was extended in June to provide both existing, as well as new auto policyholders through December 31, 2020, with four additional months of credits on monthly auto premiums. Through this program, the Company expects to disburse approximately \$4.1 million to policyholders, with disbursements expected through May 2021. See Note 1 for accounting treatment details.

NOTES TO FINANCIAL STATEMENTS

F. Subprime Mortgage Related Risk Exposure

1. At December 31, 2020, the Company did not invest directly in subprime mortgage loans. Direct exposure is classified as exposure through (1) direct investment in subprime mortgage loans, (2) investment in mortgage-backed or asset-backed securities, or (3) any other assets in which the investment's primary objective, or underlying assets, are significantly invested in, or indexed to, subprime mortgage loans or related exposures. The Company has minimal exposure to subprime mortgage related risk through equity investments in financial institutions. The Company believes its greatest exposure is to unrealized losses from declines in asset values versus realized losses resulting from defaults or foreclosures. Conservative investment practices limit the Company's exposure to such losses.
2. As of December 31, 2020, substantially all of the Company's investments in mortgage-backed or asset-backed securities are in securities which are guaranteed by the issuer (e.g. GNMA or FNMA), are backed by conservative loans on established commercial properties or by conservative loans on residential properties to "prime" quality borrowers and, therefore, have no direct exposure to subprime mortgage related risk.
3. As of December 31, 2020, the Company has no other investments in which the investment's primary objective, or underlying assets, are significantly invested in, or indexed to, subprime mortgage loans or related exposure.
4. As of December 31, 2020, the Company has no underwriting exposure to subprime mortgage risk.

Amica relies on our catastrophe reinsurance broker, Guy Carpenter, for modeling services. This year, they provided calculations of our PML using RMS (v. 18.1) and AIR (v. 7). The Company's largest exposure would occur on comprehensive coverage resulting from a hurricane in Texas and/or New Jersey.
- 6.3 What provision has this reporting entity made (such as a catastrophic reinsurance program) to protect itself from an excessive loss arising from the types and concentrations of insured exposures comprising its probable maximum property insurance loss?
