1. Summary of Significant Accounting Policies and Going Concern

A. Accounting Practices

The accompanying financial statements of Metropolitan Casualty Insurance Company (the "Company" or "MCAS") have been prepared on the basis of accounting standards prescribed or permitted ("RI SAP") by the State of Rhode Island ("RI") Department of Business Regulation, Insurance Division (the "Department" or "RIDBR").

The Department recognizes only the statutory accounting practices prescribed or permitted by Rhode Island in determining and reporting the financial condition and results of operations of an insurance company, in determining its solvency under the Rhode Island Insurance Law. In 2001, the National Association of Insurance Commissioners' ("NAIC") *Accounting Practices and Procedures Manual* ("NAIC SAP") was adopted as the basis of RI SAP.

The Department has not adopted any prescribed accounting practices that differ from those found in NAIC SAP. A reconciliation of the Company's net income and capital and surplus between RI SAP and NAIC SAP is as follows:

	SSAP Number (1)	Financial Statement Page	Financial Statement Line Number		ne Year Ended mber 31, 2020		he Year Ended mber 31, 2019
Net income, RI SAP				\$	1,604,385	\$	1,963,985
State prescribed practices: NONE					_		_
State permitted practices: NONE					_		
Net income, NAIC SAP				\$	1,604,385	\$	1,963,985
				Decei	mber 31, 2020	Dece	mber 31, 2019
Statutory capital and surplus, RI SAP				\$	73,028,067	\$	71,099,819
State prescribed practices: NONE					_		_
State permitted practices: NONE							
Statutory capital and surplus, NAIC SAP				\$	73,028,067	\$	71,099,819
(1) Statement of Statutory Accounting Principles ("SSAP")							

The Company's risk-based capital ("RBC") would not have triggered a regulatory event without the use of the state prescribed practices.

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of the statutory financial statements requires that management make estimates and assumptions that affect the reported amounts of assets and liabilities at the dates of the financial statements. In applying these estimates, management makes subjective and complex judgments that frequently require assumptions about matters that are inherently uncertain, including the novel coronavirus COVID-19 Pandemic. It also requires disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results may differ from those estimates.

All references to realized and unrealized net capital gains (losses), including other than temporary impairments ("OTTI") and impairments, are pre-tax unless otherwise noted.

C. Accounting Policy

Premiums are generally recognized as revenue on a pro rata basis over the policy term. The portion of the premiums written applicable to the unexpired terms of the policies is recorded as unearned premiums.

In addition, the Company uses the following accounting policies:

- (1) Short-term investments are stated in the same manner as comparable longer-term investments described below.
- (2) Bonds not backed by other loans are generally stated at amortized cost unless they have a NAIC rating designation of 3, 4, 5 or 6, which are stated at the lower of amortized cost or fair value. Bonds not backed by other loans are amortized using the scientific method. The Company did not sell and reacquire any NAIC Securities Valuation Office Identified Funds.
- (3) Common stocks of nonaffiliates are stated at fair value.
- (4) Redeemable preferred stocks are generally stated at cost or amortized cost unless they have a NAIC rating designation of 3, 4, 5 or 6, in which case such stocks are stated at the lower of cost, amortized cost or fair value. Perpetual preferred stocks are generally stated at fair value unless they have a NAIC rating designation of 3, 4, 5 or 6, in which case such stocks are stated at the lower of cost or fair value.
- (5) Mortgage loans on real estate are principally stated at amortized cost, net of valuation allowances.
- (6) Mortgage-backed bonds, included in bonds, are generally stated at amortized cost using the scientific method unless they have a NAIC rating designation of 3, 4, 5, or 6, which are stated at the lower of amortized cost or fair

value. Amortization of the discount or premium from the purchase of these securities considers the estimated timing and amount of prepayments of the underlying mortgage loans. Actual prepayment experience is periodically reviewed and effective yields are recalculated when differences arise between the prepayments originally anticipated and the actual prepayments received and currently anticipated. For credit-sensitive mortgage-backed and asset-backed bonds and certain prepayment-sensitive bonds (e.g., interest-only securities), the effective yield is recalculated on a prospective basis. For all other mortgage-backed and asset-backed bonds, the effective yield is recalculated on a retrospective basis.

For certain residential mortgage-backed securities ("RMBS") and commercial mortgage-backed securities ("CMBS"), both an initial and final NAIC designation is determined on a security-by-security basis based on a range of values published by the NAIC. The initial designation is used to determine the carrying value of the RMBS or CMBS. RMBS and CMBS with initial designations of 1 or 2 are stated at amortized cost, while RMBS and CMBS with initial designations of 3, 4, 5 or 6 are stated at the lower of amortized cost or fair value. The final designation calculation compares this carrying value with a range of values, resulting in a final NAIC designation reported herein, which is used for all other accounting and reporting purposes.

- (7) The Company accounts for investments in subsidiary, controlled and affiliated ("SCA") companies using the statutory equity of the investee if the entity is an insurance company. All noninsurance entities are valued at the U.S. Generally Accepted Accounting Principles ("GAAP") equity of the investee.
- (8) Investments in joint ventures, partnerships and limited liability companies ("LLC") are carried at the underlying audited GAAP equity (or audited International Financial Reporting Standards ("IFRS") equity for certain partnership interests) of the respective entity's financial statements. Undistributed earnings of these entities are recognized in unrealized gains and losses. Such investments are nonadmitted if they do not have financial statement audits.
- (9) The Company did not utilize derivative instruments.
- (10) The Company considers anticipated investment income as a factor in the premium deficiency calculation.
- (11) The liability for unpaid reported losses is based on a case by case estimate (case reserves) for all lines and coverages within line of business, except for the non-injury automobile claims. For the non-injury automobile coverages, unpaid losses are based on average "statistical" reserves. There is an additional overall estimate (supplemental reserves for several specific coverages within lines of business) based on the Company's past experience; this is also known as an additional reserve on known claims. A provision is also made for losses incurred but not reported on the basis of estimates and past experience modified for current trends and estimates of expenses for investigating and settling claims, reduced for anticipated salvage and subrogation. The liability for unpaid losses on business assumed is based in part on reports received from ceding companies.

Management believes that the liability for unpaid losses and loss adjustment expenses is adequate to cover ultimate unpaid losses and loss adjustment expenses incurred. However, such liability is necessarily based on estimates, and the ultimate liability may vary significantly from such estimates. In accordance with industry practice, the Company regularly reviews its estimated liability, and any adjustments are reflected in the period in which they become known. In accordance with guidelines established by the NAIC, the liability for unpaid losses at December 31, 2020 is reported net of estimated salvage and subrogation recoverable.

- (12) The Company did not modify its capitalization policy from the prior period.
- (13) The Company does not have pharmaceutical rebate receivables.
- (14) The Company does not own any electronic data processing equipment, operating system software, furniture and fixtures, leasehold improvements, or non-operating system computer software.

D. Going Concern

Management does not have any substantial doubt about the Company's ability to continue as a going concern.

2. Accounting Changes and Corrections of Errors

Accounting Pronouncements

Changes to statutory accounting are issued by the NAIC in the form of statutory statements of accounting principles ("SSAPs"). The Company considers the applicability and impact of all SSAPs. Except as noted below, the SSAPs adopted by the Company during 2020 did not have a material impact on the Company's financial statements.

On March 27, 2020, former President Trump signed into law the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"). Provisions of the act specifically address temporary relief from troubled debt restructurings and temporary modification of loan provisions due to the economic stress caused by shutdown of the U.S. economy. Additionally, Federal and state government agencies and prudential banking regulators have provided temporary relief measures to financial institutions to accommodate temporary loan modifications to borrowers and to insurance carriers to provide temporary relief to premiums due.

On June 15, 2020 and July 22, 2020, the NAIC adopted and amended, respectively, Interpretations of Statutory Accounting Principles ("INT") No. 20-08, COVID-19 Premium Refunds, Limited-Time Exceptions, Rate Reductions and Policyholder Dividends in response to the economic effects of the COVID-19 Pandemic. The guidance clarifies that (i) voluntary and

jurisdiction-directed refunds that are not required by the policy term, are return of premiums and accounted for as an adjustment to premiums and provided a limited-time exception to allow for underwriting expense reporting for property & casualty line of businesses which met certain requirements. The limited-time exception also includes additional disclosure requirements; (ii) refunds in accordance with insurance policy terms should continue to follow existing guidance in SSAP 53, *Property & Casualty Contracts - Premiums*, SSAP 54R, *Individual and Group Accident and Health Contracts*, ("SSAP 54R") or SSAP 66, *Retrospective Rated Contracts*; (iii) offering rate reductions instead of premium refunds shall be recognized is as immediate adjustments to premiums if it is on in force business or reflect in the premium rate charged on future renewals; (iv) disclosures and reporting of policyholder dividends on property and casualty contracts are not impacted by this interpretation but provides additional guidance when dividends are issued in response to COVID-19 decreases in activity; and (v) disclosures on refunds, rate reductions and policyholder dividends because of decreased activity due to COVID-19 are disclosed, in addition to any other existing disclosures relating to policyholder payments. This guidance will be nullified on January 1, 2021. The Company has complied with all required accounting and disclosure requirements. See Note 21A.

In May 2020, the NAIC adopted revisions to Appendix A-001, *Investments of Reporting Entities*, Section 3, *Summary Investment Schedule* to add a line for total mortgage valuation allowance. The Company has provided all required disclosures.

In April 2019, the NAIC adopted Interpretations of Statutory Accounting Principles ("INT") No. 19-02, *Single Security Initiative* ("INT 19-02"), which provides a limited-scope exception to the exchange and conversion guidance in SSAP No. 26R, Bonds ("SSAP 26R") and SSAP No. 43R, Loan-backed and Structured Securities ("SSAP 43R") for instruments converted in accordance with Freddie Mac Single Initiative. This initiative permits reporting entities to exchange existing 45-day securities to 55-day securities, without any material change to the securities, including recognizing no gain or loss from this exchange, or to the loans that back the securities. The Company has complied with the requirements in INT 19-02.

In August 2018, the NAIC adopted changes to SSAP No. 1, *Accounting Policies, Risks & Uncertainties, and Other Disclosures* ("SSAP 1") and Appendix A-001, *Investments of Reporting Entities*, to align the summary investment schedule more closely to the underlying investment schedules, allowing for cross-checks and less manual allocations. The Company has provided all required disclosures.

In June 2017, the NAIC adopted updates to SSAP No. 69, *Statement of Cash Flow* ("SSAP 69"), to conform with Accounting Standard Update 2016-18, *Statement of Cash Flow - Restricted Cash*. The adoption clarifies that the flow of restricted cash and cash equivalents shall not be reported as operating, investing or financing activities, but shall be reported with cash and cash equivalents when reconciling beginning and ending amounts on the cash flow statement. The action also incorporated a change to SSAP 1, to ensure information on restricted cash, cash equivalents and short-term investments is reported in the restricted asset disclosure. The adoption of these changes did not have an impact on the Company's financial statements.

- (2) The consolidating companies join with MetLife and its includable subsidiaries in filing a consolidated U.S. life and non-life Federal income tax return in accordance with the provisions of the IRC. Current taxes (and the benefits of tax attributes such as losses) are allocated to MetLife and its subsidiaries under the consolidated tax return regulations and a tax sharing agreement. Under the consolidated tax return regulations, MetLife has elected the "percentage method" (and 100% under such method) of reimbursing companies for tax attributes, e.g., net operating losses. As a result, 100% of tax attributes are reimbursed by MetLife to the extent that consolidated Federal income tax of the consolidated Federal tax return group is reduced in a year by tax attributes. On an annual basis, each of the profitable subsidiaries pays to MetLife the Federal income tax which it would have paid based upon that year's taxable income. If MetLife or the subsidiary has current or prior deductions and credits which reduce the consolidated tax liability of the consolidated Federal tax return group, the deductions and credits are characterized as realized (or realizable) by MetLife and its subsidiaries when those tax attributes are realized (or realizable) by the consolidated Federal tax return group, even if MetLife or the subsidiary would not have realized the attributes on a stand-alone basis under a "wait and see" method.
- G. As of December 31, 2020, the Company had no liability for unrecognized tax benefits.
- H. Repatriation Transition Tax

MetLife Funding, Inc.

As of December 31, 2020, the Company had no liability for Repatriation Transition Tax.

^{*} Following the December 30, 2020 acquisition of Versant Health, Inc. ("Versant Health"), the Company's Federal income tax return is consolidated with Versant Health.

Payables to affiliates totaled \$5,665 and \$11,608 at December 31, 2020 and December 31, 2019, respectively.
 - E. The Company is party to a master services and facilities agreement ("MSFA") with an affiliated services entity, MSS, and an Investment Management Agreement ("IMA") with MetLife Investment Management, LLC ("MIM"). The MSS MSFA provides for personnel, facilities and equipment to be made available and for a broad range of services to be rendered, principally by MSS. The MIM IMA provides for investment-related services to be rendered by MIM. The Company is also a party to a legacy master service agreement with MLIC and a global services agreement with MSS. The MSS MSFA and MIM IMA, as well as the MLIC master service agreement and global services agreement with MSS, are enterprise services agreements. Under these agreements, generally, personnel, facilities, equipment and services may be requested by the Company are deemed necessary for its business and investment operations.

All of these agreements, excluding the MIM IMA under which the Company is charged on a market-based fee basis, involve cost allocation arrangements under which the Company pays or receives compensation for all expenses, direct and indirect, reasonably and equitably determined to be attributable to the personnel, facilities, equipment, services and employee benefit plan participation provided (subject to a transfer pricing mark-up as required). These expenses include, but are not limited to, compensation payable to enterprise employees performing services, such as salary, cash bonuses, stock-based compensation under MetLife incentive plans and expense attributable to pension and post-retirement benefit plans benefiting such employees.

- F. Except as disclosed in Note 14, the Company did not have guarantees or undertakings for the benefit of an affiliate that would result in a material contingent exposure of the Company's or any affiliate's assets or liabilities.
- G. All outstanding shares of the Company are owned by MPC. Allocated operating expenses are not necessarily indicative of the total cost that would be incurred if the Company operated on a stand-alone basis.
- H. The Company did not own shares of another upstream or intermediate parent, either directly or indirectly, via a downstream SCA company.
- I. The Company had no investment in any applicable SCA company that exceeds 10% of the Company's admitted assets.
- J. The Company did not recognize impairment write-downs on any investments in SCA companies.
- K. The Company did not have investments in a foreign insurance subsidiary.
- L. The Company did not hold investments in a downstream noninsurance holding company.
- M. The Company did not have any SCA investments, as of December 31, 2020.
- N. The Company did not report any investments in an insurance SCA for which the statutory capital and surplus reflects a departure from the NAIC statutory accounting practices and procedures during the year ended December 31, 2020.
- O. The Company has no SCA or SSAP No. 48, *Joint Venture, Partnership and Limited Liability Companies* ("SSAP 48") entities whose share of losses exceeds the investment in an SCA.

11. Debt

- A. The Company did not have any debt, including capital notes, outstanding as of December 31, 2020.
- B. The Company has not issued any debt to the FHLB.

12. Retirement Plans, Deferred Compensation, Postemployment Benefits and Compensated Absences and Other Postretirement Benefit Plans

As of December 31, 2020, the Company did not sponsor any retirement plans, deferred compensation, postemployment benefits and compensated absences and other postretirement plans.

13. Capital and Surplus, Shareholder's Dividend Restrictions and Quasi Reorganizations

- A. The Company's capital is comprised of 1,000 shares of common stock authorized, of which 1,000 shares are issued and outstanding, at \$3,000 per share par value.
- B. The Company has no preferred stock.
- C. Under Rhode Island State Insurance Law, the Company is permitted, without prior insurance regulatory clearance, to pay a stockholder dividend to MPC as long as the aggregate amount of all such dividends in any twelve-month period does not exceed the lesser of (i) 10% of its surplus to policyholders as of the immediately preceding calendar year; or (ii) the next preceding two year net income reduced by capital gains and dividends paid to shareholders. The Company will be permitted to pay a stockholder dividend to MPC in excess of the lesser of such two amounts only if it files notice of its intention to declare such a dividend and the amount thereof with the Rhode Island Superintendent of Insurance ("Superintendent") and the Superintendent does not disapprove the distribution within 30 days of its filing. Under Rhode Island State Insurance Law, the Superintendent has broad discretion in determining whether the financial condition of a stock property and casualty insurance company would support the payment of such dividends to its shareholders. The maximum amount of the dividend which the Company may pay to MPC in 2021 without prior regulatory approval is \$5,404,627.
- D. The Company did not pay a dividend during 2020 and 2019.
- E. Within the limitation of (C) above, there are no restrictions placed on the portion of the Company profits that may be paid as ordinary dividends to stockholders.
- F. There were no restrictions on unassigned funds (surplus).
- G. There were no advances on surplus.
- H. The Company did not hold any of its own stock or SCA companies for special purposes.
- I. There were no changes in the balance of special surplus funds from the prior year.
- J. The Company had no portion of unassigned funds (surplus) represented by cumulative unrealized gains (losses) at December 31, 2020.
- K. The Company did not issue any surplus debentures or similar obligations.
- L. There were no restatements due to prior quasi reorganizations.
- M. There have been no quasi reorganizations in the prior 10 years.

14. Liabilities, Contingencies and Assessments

- A. Contingent Commitments
 - (1) At December 31, 2020, the Company did not have any contingent commitments.

(2) At December 31, 2020, the Company was obligor under the following guarantees, indemnities and support obligations:

(1)	(2)	(3)	(4)	(5)		
Nature and circumstances of guarantee and key attributes, including date and duration of agreement.	Liability recognition of guarantee. (Include amount recognized at inception. If no initial recognition, document exception allowed under SSAP No. 5R.)(1)	Ultimate financial statement impact if action under the guarantee is required.	Maximum potential amount of future payments (undiscounted) the guarantor could be required to make under the guarantee. If unable to develop an estimate, this should be specifically noted.	Current status of payment or performance risk of guarantee. Also provide additional discussion as warranted.		
The Company is obligated to indemnify non-employee directors and officers as provided in its by-laws.	No liability has been established as the indemnification is for future events for which neither a probability of occurrence nor a reasonable estimate can be established at this time.	Expense	Since this obligation is not subject to limitations, the Company does not believe that it is possible to determine the maximum potential amount that could become due under these indemnities in the future.	The Company has made no payments on the indemnity.		
The Company has provided certain indemnities to affiliates in the ordinary course of business. No liability has been established as the indemnification is for future events for which neither a probability of occurrence nor a reasonable estimate can be established at this time.		Expense	Since this obligation is not subject to limitations, the Company does not believe that it is possible to determine the maximum potential amount that could become due under these indemnities in the future.	The Company has made no payments on the indemnity.

E. Product Warranties

The Company did not issue any product warranties.

F. Joint and Several Liability Arrangements

The Company did not have any joint and several liability arrangements accounted for under SSAP 5R.

G. All Other Contingencies

Uncollectible Premium Receivables

In response to regulators, the Company has temporarily extended the grace period for the payment of premiums or offered alternative payment arrangements in light of current economic conditions (See Note 1B). Based upon Company experience, the amount of premiums and other accounts receivable that may become uncollectible and result in a potential loss is not material to the Company's financial condition.

Litigation

Various litigation, claims and assessments against the Company, in addition to those otherwise provided for in the Company's financial statements, have arisen in the course of the Company's business, including, but not limited to, in connection with its activities as an insurer, employer, investor or taxpayer. Further, state insurance regulatory and other federal and state authorities regularly make inquiries and conduct investigations concerning the Company's compliance with applicable insurance and other laws and regulations.

On a quarterly and annual basis, management reviews relevant information with respect to liabilities for litigation, regulatory investigations and litigation-related contingencies to be reflected in the Company's financial statements. Liabilities are established when it is probable that a loss has been incurred and the amount of the loss can be reasonably estimated.

15. Leases

The Company did not participate in leasing arrangements during 2020 and 2019.

16. Information about Financial Instruments with Off-Balance Sheet Risk and Financial Instruments with Concentrations of Credit Risk

As of December 31, 2020 and 2019, the Company had no financial instruments with off-balance sheet risk or any financial instruments with concentrations of credit risk.

17. Sale, Transfer and Servicing of Financial Assets and Extinguishments of Liabilities

A. Transfers of Receivables Reported as Sales

The Company did not have any transfer of receivables reported as sales during 2020 and 2019.

B. Transfer and Servicing of Financial Assets

The Company did not participate in the transfer or servicing of financial assets during 2020 and 2019.

C. Wash Sales

- (1) In the course of the Company's asset management, securities are not sold and reacquired within 30 days of the sale date to enhance the Company's yield on its investment portfolio. There may be occasional isolated incidents where wash sales occur.
- (2) The Company had no wash sales with an NAIC designation 3 or below or unrated securities during the year ended December 31, 2020.

18. Gain or Loss to the Reporting Entity from Uninsured Plans and the Uninsured Portion of Partially Insured Plans

The Company does not serve as an Administrative Services Only or Administrative Services Contract administrator for any uninsured accident and health plan or uninsured portions of a partially insured plan.

Assets and Liabilities

The methods and significant assumptions used to estimate the fair value of all admitted financial instruments are presented below.

The Company defines fair value as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. In most cases, the exit price and the transaction (or entry) price will be the same at initial recognition.

When developing estimated fair values, the Company considers two broad valuation techniques: (i) the market approach and (ii) the income approach. The Company determines the most appropriate valuation technique to use, given what is being measured and the availability of sufficient inputs, giving priority to observable inputs.

The Company categorizes its financial assets and liabilities into a three-level hierarchy, based on the significant input with the lowest level in their valuation. The input levels are as follows. Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities. The Company defines active markets based on average trading volume for common stock. The size of the bid/ask spread is used as an indicator of market activity for bonds. Level 2 - Quoted prices in markets that are not active or inputs that are observable either directly or indirectly. These inputs can include quoted prices for similar but not identical assets or liabilities other than quoted prices in Level 1, quoted prices in markets that are not active, or other significant inputs that are observable or can be derived principally from or corroborated by observable market data for substantially the full term of the assets or liabilities. Level 3 - Unobservable inputs that are supported by little or no market activity and are significant to the determination of estimated fair value of the assets and liabilities. Unobservable inputs reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

In general, investments classified within Level 3 use many of the same valuation techniques and inputs as described in the Level 2 discussions below. However, if key inputs are unobservable, or if the investments are less liquid and there is very limited trading activity, the investments are generally classified as Level 3. The use of independent non-binding broker quotations to value investments generally indicates there is a lack of liquidity or the general lack of transparency in the process to develop the valuation estimates generally causing these investments to be classified in Level 3.

Bonds, Cash and Cash Equivalents

When available, the estimated fair value for bonds, including loan-backed securities, and cash equivalents, are based on quoted prices in active markets that are readily and regularly obtainable. Generally, these investments are classified in Level 1, are the most liquid of the Company's securities holdings and valuation of these securities does not involve management's judgment.

When quoted prices in active markets are not available, the determination of estimated fair value is based on market standard valuation methodologies, giving priority to observable inputs. The significant inputs to the market standard valuation methodologies for certain types of securities with reasonable levels of price transparency are inputs that are observable in the market or can be derived principally from or corroborated by observable market data. Generally, these investments are classified in Level 2.

When observable inputs are not available, the market standard valuation methodologies rely on inputs that are significant to the estimated fair value that are not observable in the market or cannot be derived principally from or corroborated by observable market data. These unobservable inputs can be based in large part on management's judgment or estimation, and cannot be supported by reference to market activity. Even though these inputs are unobservable, management believes they are consistent with what other market participants would use when pricing

such securities and are considered appropriate given the circumstances. Generally, these investments are classified in Level 3

The use of different methodologies, assumptions and inputs may have a material effect on the estimated fair values of the Company's securities holdings.

The estimated fair value for cash approximates carrying value and is classified as Level 1 given the nature of cash.

Investment Income Due and Accrued

Due to the short-term nature of investment income due and accrued, the Company believes there is minimal risk of material changes in interest rates or the credit of the issuer such that estimated fair value approximates carrying value. These amounts are generally classified as Level 2.

- D. At December 31, 2020, the Company had no investments where it was not practicable to estimate fair value.
- E. The Company did not have any investments that were measured using NAV as a practical expedient as of December 31, 2020.

21. Other Items

A. Unusual or Infrequent Items

- (1) The Company has issued \$10,459,671 of premium refunds related to COVID-19 as of December 31, 2020. The Company accounted for these refunds as a reduction of premium in the Statement of Income.
- (2) In December 2020, MetLife entered into a definitive agreement to sell its wholly-owned subsidiary, MPC, and certain of its wholly-owned subsidiaries to Farmers Group, Inc. ("Farmers Group") for \$3.9 billion in cash. In connection with the transaction, MetLife and a Farmers Group subsidiary have established a 10-year strategic partnership to offer its personal line products on MetLife's U.S. Group Benefits platform. The transaction is expected to close in the second quarter of 2021 and is subject to regulatory approvals and satisfaction of other closing conditions.

B. Troubled Debt Restructuring

The Company did not have troubled debt restructuring during 2020 and 2019.

C. Other Disclosures

(1) Rounding and Truncating - Truncating has generally been used in the investment schedules and rounding (including forced rounding to add to relevant totals) has been used elsewhere in this statement.

The amounts in this statement pertain to the entire Company's business.

- (2) The Company contributed \$5,000 to the political action committee MetLife Political Participation Fund B as of December 31, 2020.
- (3) Supplement to Interrogatory No. 18: As part of a MetLife enterprise-wide Conflict of Interest Disclosure Program, all possible conflicts are assessed and reviewed by employees' direct managers with oversight by compliance. Disclosures are escalated to senior leadership as necessary.

D. Business Interruption Insurance Recoveries

The Company did not have any business interruption insurance recoveries during 2020 and 2019.

E. State Transferable and Non-transferable Tax Credits

The Company did not have any state transferable and non-transferable tax credits during 2020 and 2019.

F. Subprime Mortgage Related Risk Exposure

G. Insurance-Linked Securities Contracts

The Company did not engage in any transactions involving insurance-linked securities during 2020 and 2019.

H. The Amount That Could Be Realized on Life Insurance Where the Reporting Entity is Owner and Beneficiary or Has Otherwise Obtained Rights to Control the Policy

The Company is not an owner and beneficiary of any life insurance policies during 2020.

22. Events Subsequent

The Company has evaluated events subsequent to December 31, 2020 through February 16, 2021, which is the date these financial statements were available to be issued, and has determined there are no material subsequent events requiring adjustment to or disclosure in the financial statements.

The Company is not subject to the annual fee imposed under Section 9010 of the Affordable Care Act ("ACA").

23. Reinsurance

(

A. Unsecured Reinsurance Recoverables

The Company cedes 100% of its business to its parent, MPC (NAIC # 26298, Federal I.D. #13-2725441), as part of the 100% Restated Quota Share Reinsurance Agreement. Due to this agreement, the Company has unsecured aggregate recoverable losses, paid and unpaid including IBNR, loss adjustment expenses, unearned premiums and contingent commissions in the amount of \$469,093,254.

B. Reinsurance Recoverable in Dispute

The Company has no reinsurance recoverable in dispute during 2020 and 2019.

The Company did not write off any uncollectible reinsurance during 2020 and 2019.

E. Commutation of Ceded Reinsurance

The Company did not commute any ceded reinsurance during 2020 and 2019.

F. Retroactive Reinsurance

The Company did not have any retroactive reinsurance during 2020 and 2019.

G. Reinsurance Accounted for as a Deposit

The Company did not have any reinsurance accounted for as a deposit during 2020 and 2019.

H. Transfer of Property and Casualty Run-off Agreements

The Company did not transfer any property and casualty run-off agreements during 2020 and 2019.

I. Certified Reinsurer Rating Downgraded or Status Subject to Revocation

The Company did not have any certified reinsurer's rating downgraded or status subject to revocation during 2020.

J. Reinsurance Agreements Qualifying for Reinsurer Aggregation

The Company did not have any reinsurance agreements qualifying for reinsurer aggregation during 2020.

K. Reinsurance Credit

The Company did not have any reinsurance contracts covering health business during 2020.

24. Retrospectively Rated Contracts & Contracts Subject to Redetermination

The Company had no retrospectively rated contracts nor contracts subject to redetermination as of December 31, 2020. In addition, the Company has no paid or payable medical loss ratio rebates and is not subject to the risk sharing provision of the ACA

25. Change in Incurred Losses and Loss Adjustment Expenses

- A. The Company had no change in incurred losses and no loss adjustment expenses in 2020 and 2019.
- B. Beginning in 2019, for the auto casualty coverages (bodily injury, uninsured motorists bodily injury and no fault), the Company changed its assumptions from a reliance on a five year average for the development factors to a weighted three year average. For the other coverages, there were no significant changes in methodologies or assumptions used in calculating the liability for unpaid losses and loss adjustment expenses. In 2020, for the auto line of business, the Company also reviewed accident month data in order to estimate the impact of reduced driving and accidents due to the "shelter in place" mandates due to the COVID-19 pandemic which began in the middle of March, 2020.

26. Intercompany Pooling Arrangements

The Company did not participate in any intercompany pooling arrangements during 2020 and 2019.

Restated Quota Share Reinsurance Treaty

Effective January 1, 2001, MPC entered into a 100% Restated Quota Share Reinsurance Agreement with its subsidiary companies, the Company, NAIC #40169, MGEN, NAIC #39950, MDIR, NAIC #25321, MGPC, NAIC #34339, MLICT, NAIC #13938, and EFAC, NAIC #22926.

The Restated Quota Share Reinsurance Treaty provides that the subsidiary companies obligate themselves to cede, and MPC obligates itself to accept, a 100% interest in each of the subsidiaries' gross net liabilities and its premiums, losses, expenses, payment fees, dividends and direct agents balance.

All lines of business are subject to the reinsurance, except for the run-off of a book of reinsurance business transacted through the arrangement between TIG Insurance Company ("TIG"), successor by merger to Clearwater Insurance Company, formerly known as Odyssey Reinsurance Corporation and Skandia America Reinsurance Corporation) and MGPC.

The lead company, MPC, makes cessions to non-affiliated reinsurers subsequent to the cession of business from the affiliated members to the lead company, except for business transacted through the arrangement between TIG and MGPC.

Cessions to non-affiliated reinsurers of business subject to the reinsurance agreement are as follows:

All Property Business including but not limited to Homeowners, Dwelling Fire, Inland Marine, Small Commercial Property, and Personal and Small Commercial Automobile Physical Damage Property Catastrophe Excess of Loss

Personal Liability including Automobile, Homeowners and Personal Umbrella Liability, Small Commercial Liability including Automobile Casualty Excess of Loss

and Business Owners Liability

Business classified by the Company as Personal Property and Small Property Per Risk

Commercial Property

Business transacted through Massachusetts, New Hampshire, North Carolina and South Carolina Automobile Facilities, various Mine Mandatory Pools

Subsidence programs, Michigan Catastrophic Claims Association and

Florida Hurricane Catastrophe Fund

All members are party to reinsurance agreements with non-affiliated reinsurers covering business subject to the restated quota share reinsurance agreement. All members have a contractual right of direct recovery from the non-affiliated reinsurers.

There are no discrepancies between entries regarding reinsurance business on the assumed and ceded reinsurance schedules of the lead company and corresponding entries on the assumed and ceded reinsurance schedules of other quota share participants.

The lead company, MPC, discloses all reinsurance related to non-affiliated companies of reinsurance business and therefore, discloses the entire provision for reinsurance in Schedule F Part 3.

27. Structured Settlements

A. The Company has purchased annuities with the claimant as payee for which the Company has a contingent liability. The Company eliminated its loss reserves for these claims at the time the annuities were purchased. A contingent liability exists to the extent that the issuers of the annuity contracts become unable to fulfill their contractual obligations. The present value of all annuity contracts still in force at December 31, 2020 was \$598,341.

Loss Reserves Eliminated by Annuities	Unrecorded Loss Contingencies
\$ 598,341	\$ _

B. The aggregate value of annuities due from any life insurer for which the Company has not obtained a release of liability from the claimant as a result of the purchase of an annuity does not equal or exceed 1% of policyholders' surplus.

28. Health Care Receivables

The Company had no health care receivables during the years 2020, 2019 and 2018.

29. Participating Policies

The Company had no participating policies as of December 31, 2020 and 2019.

30. Premium Deficiency Reserves

As of December 31, 2020, the Company did not have any property/casualty contracts that would require premium deficiency reserves.

31. High Deductibles
